ENGINEERING WORKS GETS BIG ORDER

Big Steel Mixers Will Be Built At Local Plant

Work To Start At Once On Order Requiring Five Months To Complete

CARNEGIE STEEL CO. AWARDS CONTRACT

Mixers Will Be Largest Ever Built For Any Steel Plant

Contract for the construction of two 1,500 gross ton hot metal mixers, the largest ever constructed, has just been awarded to the Pennsylvania Engineering Works of this city by the Carnegie Steel Company, it is announced. The mixers will be built for the Ohio Works of the Carnegie Steel Company at Youngstown.

Construction of the mixers will be started at the local plant just as soon as materials can be secured, which will be within a very short time, and the local plant will enjoy fair operation activity for a period of probably five months as a result of this large order. Most of the old employes of the Pennsylvania Engineering Works are being recalled to work on the order.

To Build Mixers

The machine and boiler shops of the local plant will be the scene of the greatest activity while this contract is being filled. The contract

Still Holding Man For Death Of Chorus Girl

(International News Service)
ERIE, Pa., March 19.—The body of Virginia Gibney, chorus girl, who was found dead in a local hotel Friday morning, was sent to New York today, where a brother, Edward Shibles, will arrange for burial.

Karl H. Bechtel, Buffalo, N. Y., salesman, is being held in connection with the girl's death despite the verdict of the coroner's jury which declared she died from dilation of the stomach.

Bechtel, in a statement to police, admitted choking Miss Gibney, they said, when she demanded $20 from him. He said he did not think he had killed her. The couple went to Miss Gibney's room in the local hotel after returning from a party.

It's March and the sun and the rain take turns, a wetted hat then a dose that burns, a touch of summer for just a while, a fleeting glance and a sunny smile. Then a thunder cloud and a gusty blow, and a threat that carries a hint of snow, a splash of rain on the dutsy street and soon is forgotten the summer heat. It's March and the weather is whimsical quite, and the weatherman never can hope to be right. The farmer wants rain and the city wants sun and he tries mighty hard to please every one, so he makes it rain and he makes it fine, and today its wet and its forty-nine.

Roads To Reported Gold Fields Choked With Auto Traffic

(International News Service)
CAMP TORNADO, NEAR WINKLEMAN, Arizona, March 19.—When the sun climbed above the jagged peaks of Pinal mountains today it brought warmth and new enthusiasm to almost a thousand gold seekers who had shivered through the night in the open flats below Tornado Mountain.

Primitive campfires were all that kept off the icy blasts that whistled down from the higher ranges. A few prospectors had shelter tents, but in the mad rush to this supposed new golconda almost everything in the way of adequate provisions for the hard life of the desert was forgotten.

All they talked and thought about was that wire gold ore running $100,000 to the ton was said to have been discovered.

All roads leading to and from the Dripping Springs district were

Governor Must Force Action On Election Reform

Bills Introduced By Weingartner Are Still In Committee

CITIZENS URGING GOVERNOR TO ACT

By ROBERT F. GORMAN
International News Service Staff Correspondent

HARRISBURG, Pa., March 19.—While Governor Fisher is opposed generally to the use of retaliatory measures excepting in cases of extreme necessity, the belief is prevalent here today that he is preparing himself to see some action on the part of the legislature next week which will tend to bring his election reform bills from committee and on to the floor of the Senate.

The four administration election bills, introduced in the Senate by Senator Weingartner, Lawrence, on February 23, were referred to the Senate elections committee immedately upon presentation and have since remained with the committee.

Wants Action

The governor has let it be known that he desires the legislature to act favorably on his measures, but thus far he has made no demands. He has permitted the impression to go out that with the presentation of the bills he was content to await with patience the action of the Senate committee. The fourth legislative week since their introduction has passed and but four weeks of the session remain. If action on the bills is to come it must come soon, and indications all point to the beginning of next week as the time when a climax will be reached.

From all parts of the state telegrams and letters have reached the governor's office in support of the elections program, but even with this support the governor has not seen fit to insist on Senate action because to date he has had no desire to use the "big stick". However, it is believed here that the time for insistence will come early

Sapiro Reveals Million Profit

National Chain Of Farmers' Co-operative Nets Sapiro Cool Million

AVERAGES OVER $80,000 YEARLY

BY WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

DETROIT, Mich., March 19.—Aaron Sapiro, so-called "wheat king," netted nearly $1,000,000 out of his dream of a national chain of farmers cooperatives, he told International News Service today in reply to the charges leveled at him by Henry Ford's counsel in the million dollar libel suit.

With the trial adjourned until Monday, Sapiro confirmed the estimate placed on his earnings by Senator James A. Reed, D. of Mo., who defended Ford's attack on the Sapiro cooperative plan. At the same time, said Sapiro, the plan earned millions upon millions of dollars for the farmer members of his associations and that it would place American agriculture upon a sound economic basis if carried into execution all over the nation.

"Taking the whole period of my activity in organizing cooperatives", said Sapiro, Senator Reed was very nearly correct in estimating my earning's $1,000,000. I have been identified with this work from 1915 down to this moment. The big

Second Tornado Strikes Arkansas Within 48 Hours

At Least 34 Reported As Dead In Wake Of Second Storm

SEVEN HUNDRED HOUSES ARE RUINED

Relief Trains Are Being Rushed To Scene Of Latest Tornado

(International News Service)
SPRINGFIELD, Mo., Mar. 19.—At least thirty-four persons were killed in the second tornado within 48 hours to strike western Arkansas, according to word reaching here today.. Twenty-five are reported dead at Green Forest, Ark., and nine at Denver, nearby town.

Twelve were killed in Thursday night's storm.

Relief trains on the Frisco railroad and Missouri and North Arkansas lines were being rushed from here and Harrison, Ark., to the stricken zones.

700 Houses Destroyed

Half the town of Green Forest was in ruins and dead were scattered among piles of debris. Fire which broke out following the wind storm had destroyed four homes and a business building.

Seven hundred houses were destroyed in the storm, according to various estimates. Physicians from all surrounding towns and villages were caring for the injured and sick which may reach more than 100.

The storm swept an area of fifteen miles and over a width of more than a mile.

Damage $300,000

No "Clean-Up" Week Planned

Councilman David O. Davies today warned residents that there'll be no "tin can clean-up" week" this season "because garbage department employes have been removing cans at regular intervals."

This method, according to Dr. William L. Steen, city health officer has been largely responsible for preventing disease here.

"Formerly rats roamed the places where cans were placed and flies bred.

"We do not have the number of flies we once had. Proper collection of garbage has lots to do with this," said Steen.

SHANGHAI, March 19.—Shanghai, chief seaport of China and the source of one-quarter of the country's customs revenue, today trembled on the verge of capitulation to the Nationalist armies of General Chiang Kaishek. The capture of the city within 72 hours is held as almost inevitable, due to the unexplicable collapse of General An Kuo-Chun, field commander of the defending northern forces.

The Nationalists are expected to proceed to Shanghai from Soochow.

Detroit Clubber Is Captured By Police Officers

(International News Service)
DETROIT, Mar. 19.—Police today were trying to link a dying clubber suspect here in the murder of Mrs. Grace Loomis, with the numerous Toledo clubber atrocities and with the clubber murders here of several little girls about three years ago.

The suspect, identified as Edward Ballard, 48, of Melvindale, a Detroit suburb, was shot in the spine while fleeing police after attacking William Trustman, 11, in an alley.

Ballard beat the boy severely with a sawed off baseball bat, breaking his leg, it is alleged,

Cathedral Workers End Week's Campaign Far Over Goal Set

Meeting at Cathedral Friday Evening One of Unbounded Enthusiasm—Reports Bring Total of Campaign Nearly To Half Million — Many Towns In Western Pennsylvania Help to Swell Final Total—Teams and Consistory Members Are Congratulated.

Total subscriptions	$466,000
Goal	$297,000
Oversubscribed	$169,000

Amid scenes of the wildest enthusiasm, the Scottish Rite Cathedral completion campaign came to a close last night with the goal of $297,000 oversubscribed by $169,000.

One hundred and ten team workers and district chairmen cheered themselves hoarse at the Cathedral meeting when the final report was given out. Horns and other noise-making devices, previously supplied, were vigorously used, and it was several minutes before a semblance of order was restored.

Demonstration Hard To Be Quieted

Never in the history of New Castle has there been a greater or more spontaneous demonstration. Dignified elderly men and youths vied with each other to see who could outshout the other.

Chairman H. B. Richards was shouted down repeatedly when he attempted to call the session to order, and it was with difficulty that the crowd was finally quieted.

Congratulatory speeches, impromptu stunts and other hilarious incidents served to make the final dinner one long to be remembered. Music was again furnished by the peppy Castletons, the boys' orchestra that pleased so greatly earlier in the week. "Red" Williams of Monessen sang several solos and later led in community singing, in which everyone joined with a will.

Many Towns Are Represented

Representatives of many outside towns were present, several of them making their reports in person. Short speeches were made by Robert McKinney White, Vice Chairman S. Reed Megown, A. W. Chilton, Judge W. E. Porter and John S. Wallace of New Castle, and Frank Filer of Mercer. Campaign Director John C. Shenk was called on and responded with a telling talk in which he thanked the workers and congratulated them on the result of their efforts.

Prizes for the evening went to J. Lee McFate's team, which turned in the largest amount of subscriptions. The flag which the night before had graced the table of A. W. Chilton's team was turned over to Mr. McFate by Mr. Chilton in person.

Extremely Gratifying.

The result of the campaign is extremely gratifying to Scottish Rite Masonry of the Valley of New Castle because it has demonstrated that the 6600 members are a unit. Thirty or more outside towns participated actively and worked hard to meet their quotas. The spirit of friendship and cooperation brought out during the past six weeks will be of lasting benefit to the fraternity, according to expressions of many prominent members.

When this campaign was undertaken early in February pessimism was felt in many quarters. Early meetings of the campaign council were not encouraging. However, as the workers got more and more

Martial Law In Town In Kansas

(International News Service)
COFFEYVILLE, Kan., March 19.—Coffeyville was under martial law today as a result of a threatened race riot. The trouble started last night when three negroes were arrested following attacks on three white girls.

A local cavalry company is patrolling the streets. National guard units are being rushed in from Iowa and Yates Center on orders of the governor. All hardware stores are under guard to prevent seizure of arms.

Martial law was declared when more than 1,000 white citizens, armed with clubs and a few firearms, attempted to invade the negro settlement. The negroes barricaded themselves in their homes and fired upon the mob. More than 100 shots were exchanged.

Sheriff's forces, reinforced by the calalry company, succeeded in dispersing the mob, but not until three persons had been wounded.

ENDANGERS CHILDREN.

Police were called to Canyon street last night by the complaint of a resident of that district to the effect that a boy named Habib was driving a machine without lights and endangering the lives of children and others in the vicinity. Officers Horner and Samuels were detailed on the call.

City To Change Mill St. Grade

Ordinance Prohibits Erection Of Pumps Only On Owner's Property

CITY TO EMPLOY TWO EXTRA FIREMEN

Councilmen recessed from their morning session until Friday afternoon and passed an ordinance changing the grade of South Mill street, between points in the center of Water street and a short distance south of East Washington street. South Mill street is to be repaved between East Washington street and a point near the Neshannock creek bridge. The P-O company will bear a portion of the improvement cost.

Council also passed an ordinance providing that gasoline pumps no longer can be erected unless on the property of the owner. It will mean that pumps no longer can be erected between the sidewalk and the curb.

An ordinance providing two extra firemen in case of emergency was passed. They will be paid $25 a month. They will sleep in the fire houses between 11 p. m. and 7 a. m., so they can be available should their assistance be required.

An ordinance conforming to the manner in which the Beatty street sewer was constructed and measures providing for construction of a sanitary sewer in Neal, between Division and Taylor street, were passed.

Slight Accidents Reported To Police

A number of slight accidents were reported to the police last night and this morning.

Joe Comisky of 1101 Dewey avenue, reported that he was driving north on Mill street, near North street, when his machine was in a collision with a car that was being driven south and making a turn into North street. Some damage was done.

Mrs. John Elliott of Berger Place, reported today that while driving up Court street, at the court house, that machines were parked on both sides of the street and that her machine sideswiped a bread truck. Some damage was done.

James Barber, South New Castle Boro, driver for the New Castle Produce Company, reported that he was driving his truck north on Spruce street and crossing Chestnut street, when a car bearing Pennsylvania license 555-290 ran into his machine. Some damage was done.

choked again today with automobile traffic. Many already have discredited the story, but for ten that were leaving twenty more were coming in.

So heavy has traffic become that local authorities have established a one-way road three miles long stretching from the main highway to the scene of the reported strike.

Already the countryside for miles around has been set out in stakes and newcomers were moving farther and farther into virgin territory. Owners of the Tornado Company, where the big strike is said to have been made has located sufficient ground in every direction to protect itself from other companies that might locate on the supposedly rich ledge.

period in fees was from 1920 to 1924 inclusive."

This would place Sapiro's earnings at an average of $80,000 a year for the twelve-year period. It was in 1924 that Henry Ford's Dearborn Independent opened its long series of attacks on the Sapiro plan and the "wheat king" admitted that "his earnings depreciated considerably."

Ford May Take Stand

Interest meanwhile centered upon the probable appearance of Henry Ford as a Sapiro witness early next week. William K. Cameron, editor of the Ford publication, will resume the stand Monday and Ford may follow him.

Thus far, the jury had heard much about Sapiro and little about Ford. When Cameron was testifying, the Ford attorneys sealed his lips when a never-ending flow of objections. He was allowed to say that the publication and Ford sometimes disagreed on politics. Two policies named were preparedness and Soviet Russia.

The odds remained even here among among newspapermen that Ford would not appear but his counsel insisted he would take the the stand if the court called him. It was felt however that the Ford attorneys either would block Ford's appearance with technical objections or prevent his giving any testimony after he did take the stand.

One of the new mixers will be placed in the Bessemer department of the Ohio Works and the other in the open hearth department of that plant. The mixers will be constructed along the latest and most improved lines.

Previous to the construction of these mixers the largest mixer made by the local plant, and in the world, was a 1,300 gross ton affair. The Pennsylvania Engineering Works secured the contract by reason of the fact that it is known as one of the best concerns in the country in the construction of steel mill equipment, having constructed much of this type in the many years of its existence.

Prices Mixed In Ad Of Dans Place

In the New Castle News of Friday, March 18 1927, an error occurred in the advertising of Dans Place stores that is embarrassing to them and this statement is made to offset this.

Men's blue serge pants were advertised at $1.69 and brown and hard finish pants at $2.95. These prices were unintentionally reversed. The blue serge pants should have been advertised at $2.95 and the brown and hard finish pants at $1.69.

Patrons of these stores reading this statement will know that the prices given yesterday were in error.

Town Talk

According to a card received by a friend of S. D. Pearson's, Mr. Pearson is enjoying the Mediterrean tour he with several friends is making. The card which was mailed on board the Transvalania, the ship on which the company is making their tour. The card bears a picture of Mt. Carmel, and from the message on the card it is evident that Mr. Pearson is trying to locate the spot where the children mocked Elisha and the bears came out of the mountain and ate them up. His friends hope that he will find the place sooner than it took him to find the place in the Bible.

It was brought to light today that Rev. C. J. Williamson, pastor of the Highland U. P. church, furnished expenses for four students of the high school to witness the Scottdale-New Castle game played at Pittsburgh Tuesday night.

Four additional students of the high school will be given expenses to the Coraopolis-New Castle game on Monday night, through the courtsy of Rev. Williamson. The four students are selected by Principal Frank L. Orth.

In cases where students have not sufficient funds for the trip the money donated by Rev. Williamson is used for their benefit. With more donations of this nature the New Castle team would be assured of a monster group of supporters at Pittsburgh on Monday night.

CRISIS REACHED IN CONTINUANCE OF PROBE BOARD

(Continued From Page One)

campaign fund investigating committee of which he is chairman.

Blocked in its only move since congress adjourned on March 4 without having specifically renewed its authority, and with its legal status vigorously challenged by those who oppose further inquiry into election scandals, the committee reached a crisis in its career at today's meeting. Backers of the fiery Missourian expressed the view that Senator Reed's cash-and-carry proposal would see the Pennsylvania recount through the summer, even should Republican members of the senate committee on audit and control persist in their refusal to authorize appropriations for the work.

Invite Keyes.

Among those invited to today's meeting were Senator Keyes, R., New Hampshire, chairman of the audit committee. This invitation was regarded by some members of the committee as opening the way for a possible agreement under which the senate coffers would again be opened to the investigators.

Another invited to participate in the discussions was William B. Wilson, defeated Democratic candidate in the Pennsylvania senatorial race, whose petition challenging the election of William S. Vare is before the privileges and elections committee of the senate.

Charges originally brought by Wilson's backers that "zero precints" in the Vare bailiwick in Philadelphia and in the Pittsburgh stronghold of Secretary of the Treasury Mellon were responsible for Vare's "apparent election" precipitated the committee's action in commandeering more than 3,000 ballot boxes from Philadelphia and Allegheny counties for recount.

With these boxes in the basement of the senate office building the Reed committee ordered seizure of additional boxes in Delaware, Lackawanna, Luzerne and Schuylkill counties but when David S. Barry, sergeant-at-arms of the senate, set out, shortly after the adjournment of congress, to execute the committee's order, he was blocked by the want of funds. Chairman Reed, who has been occupied since the adjournment with the defense of Henry Ford in the libel proceeding at Detroit, found his first opportunity today to work through the impasse threatening further activity today of the committee in the Keystone state.

Vare Is Absent.

Although Vare, or his attorney, were also invited to be present today, it was stated at the office of the Philadelphia congressman that no spokesman for the senator-elect would be on hand. Vare and his supporters in the senate hold that the authority of the committee expired by constitutional limitation with the end of the sixty-ninth congress. Even should the committee attempt to send a messenger for the additional ballot boxes, it is held by this group, a court proceeding in Pennsylvania might drop him in his tracks with an injunction based upon the contention that the committee has no power to enter the state—no right even to consider itself a committee.

Other members of the senate, notably Senators Borah of Idaho and Norris of Nebraska, both Republicans, hold that the Reed committee continues with all its powers until it has presented a final report on the subjects listed for investigation in the resolution which created it, and on that basis Senator Reed is determined to proceed.

An attempt to block the committee with an injunction would bring to issue profound and involved questions of constitutional law, since the court's decree, when obtained, would operate as a restraint upon the legislative branch of the government by a cordinate arm, the judicial. Never in history has a senate committee been restrained by a court order. Some members of the senate, in fact, question whether any court has the power to interfere with any action a congressional committee might decide to take. Every act of the legislative branch, of course, is subject to review on constitutional grounds by the supreme court, but that, friends of the committee, point out, is quite far removed from the possibility now contemplated of tying a committee's hands before a certain action is executed.

America now boasts 24,000,000 automobiles, but some of us aren't boasting about those we are driving.—Louisville Times.

Councilmen Pass Improvement Bill

Councilman Burns Votes Negatively Against New Measure

TO BECOME LAW WITHIN 10 DAYS

City councilmen, at an adjourned session Friday afternoon in City Hall, adopted the new general improvement bill by a four to one vote. The measure will become law in 10 days after date of passage.

Throughout Friday morning an open hearing on the measure was held in council chambers at City Hall. Several expressed their belief that the measure lacked equity. The majority of property owners expressed favorable sentiment and several termed the bill one for the city's advancement.

The bill regulates grading, paving, sewers, house connections, contracts, manner of payment of contracts, assessment, collection and payment of costs and expenses of the improvements and provides for procuring and appropriation of funds for the improvements.

The sum and substance of the new general improvement bill is that when it becomes a law and improvements are made under its terms, there will be a slight increase in property benefit assessment and in paving the increased assessment for a 40-foot lot will be approximately $30 to $40.

GOVERNOR MUST FORCE ACTION ON ELECTION REFORM

(Continued From Page One)

next week and action on not only the administrative election bills, but also the amendments to the administration code, gasoline tax measure and other bills introduced with the support and approval of the governor will follow.

Retaliatory Measures

All of the bills of vital importance to the administration, and which are now locked up in committees, appear to depend upon the outcome of the election bills. Stories have been going the rounds that if the election reforms are insisted upon, the administrative code amendments and the gasoline tax bill will suffer.

Other reports have it that if the governor will agree to the drawing of teeth from the election bills the gasoline tax and code amendments bills will see hasty action. During the past week the tax bill was scheduled to reach the floor of the House from committee, but an hour after newspapermen had been told the bill was to be reported out the decision was changed and the measure still lies in committee.

Persons close to the administration say that the governor has made his promise as regards election reforms and that he intends to keep that promise to the state, no matter what else must fail. They point out, too, that those who are opposing the administrative bills have apparently lost sight of the fact that the governor holds the whip-hand and that if the occasion demands the whip-hand can readily be brought into play.

Firemen Answer Four Calls Friday

Firemen of the city answered four fire calls yesterday. A hundred dollar loss to the building and contents was sustained Friday afternoon at the Hileman apartments, 1 1-2 East Wallace avenue, occupied by H. E. Rappold. Workmen were engaged in removing varnish from a finished floor, using a varnish remover, which is highly inflammable. One of the workmen struck at match to light his pipe and the head of the match flew into the varnish remover and the fire resulted. The alarm was turned in from box 21.

As Ed. Fritz was driving his machine at Grant street on North Jefferson street last night, a short circuit in the wiring of the machine occurred and a fire resulted. The machine had drifted down to a point in front of Dr. Wilson's office when the firemen arrived on an alarm from box 26. The machine was quite badly damaged.

An alarm from box 48 last night called the firemen to Bonzo street, where a chimney was found to be burning out. During the afternoon a still alarm called the firemen to Wilmington avenue to fight a grass fire.

Frances Willard W. C. T. U.

Frances Willard W. C. T. U. met with Mrs. Joseph Jordan of Crawford avenue, Friday afternoon for the Willard Memorial meeting. A program was given that consisted of sketches of the lives of Mrs. Lillian M. N. Stevens, Miss Willard and Neal Dow, the father of prohibition.

The Union voted to give $50 for law enforcement. The following reports were given: Calls made on the sick 39, 1 plant, 2 bouquets, 2 casket bouquets, 1 basket of clothing, 8 yards of new material, 1 glass of jelly, 3 quarts of fruit, 1 pint of preserves, 1 jar of grape juice, 1 baby layett and 10 hours work at the Neighborhood House donated.

The April meeting will be held at the home of Mrs. W. E. McKee, 208 North Crawford avenue. A collection for the Willard Memorial fund was taken.

Refreshments were served by the social committee.

Time of Funeral.

Funeral services for the late Mrs. Jennie Boots will take place Sunday afternoon at 3 o'clock from the Methodist church at Wurtemburg. Interment in North Sewickley cemetery.

CATHEDRAL WORKERS END WEEK'S CAMPAIGN

(Continued From Page One)

into the spirit of the occasion interest increased and with it the enthusiasm. The intensive week, just concluded, was marked throughout by good feeling and a willingness on the part of all the team workers to do their share and more.

The General Organization company of Chicago was in charge of the campaign. John C. Shenk, Herbert Peairs and Roy L. Harvey constituted the staff. Their work, in the opinion of the directors of the cathedral association, was a large factor in the success.

One of the features of the campaign was the two-day school for workers, conducted by Lucius E. Wilson of Chicago, president of The General Organization company. This was attended by district chairmen from towns throughout the valley.

CHICAGO, Mar. 19. — Eight shotgun bandits today seized the $12,000 payroll of the Continental Can Co. and escaped in two automobiles.

Weather Forecast For Coming Week

(International News Service)

WASHINGTON, March 19.—The weather outlook for the period of March 21 to March 26:

For the region of the Great Lakes—Fair first part of week, period of precipitation about middle and fair again at end of week; variable temperature, rather cool first part, followed by rising by Wednesday or Thursday.

Middle Atlantic states—Much colder by Monday, warmer by the middle of the week and temperature near normal thereafter. Rain over south and rains or snows over north portion Sunday will probably end by Monday. Showers middle and again at the end of the week.

Ohio valley—A period of showers about the middle and again near the end of the week then rising temperature for two or three days, colder again at the end of the week.

State Police In New Headquarters

State police today moved headquarters to the Colonial hotel and until further announcement their telephone number is 4378.

The state police will have the same telephone number as the state highway patrol.

Persons desiring the services of state police or state highway patrolmen should call 4378.

However, in asking for the services the nature of the call should be explained.

This will result in the proper squad of men, state police or highway patrolmen responding to the call.

The state police patrol the rural districts on horses and conduct criminal investigations.

The state highway patrol has charge of motor law violations and accidents and patrol the highways.

SHANGHAI NOW THREATENED BY NATIONALISTS

(Continued From Page One)

defense forces, foreign observers scent the probability of wholesale bribery and treachery within the ranks of the Shantung army.

Continue Offensive.

The Nationalists today are continuing on their triple offensive toward Nanking, Soochow and Sungkiang. The Shangtungites are stemming the advance on the Nanking and Sungkiang fronts, but observers agree that they probably will allow the advance on Soochow to continue, and this will cut off the Sungkiang and Shanghai defenders from their bases.

Shangtung officials here are silent regarding the army's collapse, but have declared that "order will be maintained and the lives and interests of the populace will be safeguarded."

General Sun Chuan-Fang is reported to have looted several towns in the Yishing-Changchow sectors during his retreat.

The American, French, British and other foreign military commanders are conferring here this afternoon with the municipal councillors regarding precautionary measures in view of the imminent capture of the city.

Agitators are continuing their terrorist methods aiming to enforce a general strike to celebrate the Nationalists' victory.

British military reinforcements have been ordered from Hongkong to Shanghai.

Called To Home By Sad Accident

Monroe Snyder, well-known employe of the Johnson Limestone Co. at Hillsville, Pa., was last night called to his home in Forrestville, Pa., by the sad death of his little seven-year-old son, who was instantly killed shortly after five o'clock last evening, near his home when struck by a truck loaded with produce and en route from Pittsburgh to Meadville.

SECOND TORNADO STRIKES ARKANSAS WITHIN 48 HOURS

(Continued From Page One)

$300,000 was done in the tornado which swept Green Forest, Ark., and vicinity, according to a telegram received here today at the Southwestern Division of the American Red Cross. The message stated financial aid was needed.

Last night's tornado struck heaviest along the Missouri and Arkansas border, killing 16 persons and injuring more than 50.

Wires north and west of Little Rock and southwest of St. Louis were down due to the storm, and only meager details of the damage could be obtained.

A telephone call from Green Forest, Ark., before the wires were blown down, stated that 16 were dead and over 50 suffering from injuries northwest of the city. The dead and injured were housed in two church buildings.

Doctors and nurses from Eureka Springs were dispatched to the scene. Later all wires to Eureka Springs were blown down and no telephone or telegraph service to that point was available today.

Only a partial list of the dead in that vicinity could be obtained. It follows:

Mrs. Jerry P. Jones.
Mrs. I. D. Galloway.
Polk Jones.
Mrs. H. H. A. Hulfey.
Mrs. Norris and a Mrs. Moore.

During the conversation with the stricken community, the wires were blown down, a depot, school house and many homes were destroyed.

Austin Joseph Is Pneumonia Victim

Widely Known New Wilmington Resident Expires This Morning In Hospital Here

Austin Joseph, 59, of New Wilmington, one of the best known residents of the college town, died in the Shenango Valley hospital here this morning, as the result of an attack of pneumonia. He was brought to the hospital on Wednesday, but his condition was such that he sank rapidly, despite all that was done for him.

Probably no student who ever attended Westminster, or any person familiar with New Wilmington, is unacquainted with the unique role the deceased held in the college town. He was everybody's friend.

Surviving him are two sisters, Mrs. John Palmer of Neshannock Falls and Mrs. Tenie May Turner of Mercer.

Funeral services will be conducted on Monday afternoon at 2 o'clock in the New Wilmington Methodist church.

MOTHERS AND FATHERS ENJOY FINE BANQUET

One of the most enjoyable occasions of the year in the Highland United Presbyterian church took place Friday evening when a fathers and mothers banquet was held in the church dining room.

The event was sponsored by the Men's Bible class of the Bible School and all the adult members of the congregation were guests. Covers were laid for 200 for the dinner served at 6:30 by the ladies of the Third United Presbyterian church. The tables were tastefully decorated with yellow and white tones. Yellow tapers in crystal holders added much to the beautiful effect of the arrangements.

Attorney Robert Wallace was the toastmaster. An introductory talk was given by Lee Allen, chairman of the social committee of the class and Clyde Shoaf gave a general talk which was very interesting. Pep singing led by John Parrow was a special feature of the dinner. A solo number was given by Elizabeth Houston and two readings by Lucile Emery. A humerous play entitled "Interviewing Servant Girls" was presented by the members of the Baldwin Bible class.

The after dinner speaker of the evening was Judge J. A. McLaughry of Mercer, who gave an excellent address on the relation of parents to their children. He drew some striking illustrations from his experiences in court of this relationship. His talk was especially well received by the large number of fathers and mothers present.

B. A. W. Club.

B. A. W. club associates were guests of Mrs. Charles Henry of Lawton street Friday evening. Special guests were Miss Eleanor Large of Cleveland, O., Mrs. Philip Wink, Mrs. Trevor Richards and Mrs. James Dunn.

Fancy work and social chat were pastimes of the evening and the prize was won by Mrs. William Pugh.

Mrs. Philip Wink and Miss Large assisted the hostess in serving refreshments carried out in tones of green and white.

In two weeks Mrs. Earl Keefer of Cleveland avenue will entertain.

JUBILEE DANCE PLANS MAKING FINE PROGRESS

Famous Radio Orchestra To Play For Dancing Party In Cathedral March 24

Plans for the Jubilee dance to be held in the Cathedral ballroom on Thursday night, March 24, have progressed rapidly. Invitations were mailed out yesterday to all members of the Scottish Rite Consistory and their friends.

The committee was very fortunate in securing Etzi Covato's famous radio orchestra for their dance. The Covato orchestra is a feature over Station WCAE at Pittsburgh.

It was decided to make this a Jubilee dance due to the fact that the recent drive went over the top. The hours will be from 9 till 2.

The wonderful lighting effect of the ballroom will be one of the features of the evening.—Adv. 1t.

Discharged—William J. Nims, Neshannock boulevard; Edward J. Lavelle, Fairmont avenue.

PERORATION

An imported orator was thundering against a candidate for justice of the peace.

"Upon what meat does this, our Caesar feed?" he demanded.

"I'm a vegetarian", piped up the somewhat frightened candidate.

That seemed to settle that.

Henry is buying up the things of early America but hasn't yet selected a brewery horse.

Personal Mention

Charles E. Gee, Winslow avenue, who underwent a serious operation in the New Castle hospital is much improved.

Mrs. Rachel Jenkins of Sandy Lake is ill at the home of her daughter Mrs. H. Strausbaugh of Wilson avenue.

Mrs. C. M. Schetrom of 902 Dewey avenue, who underwent a serious operation at the New Castle hospital, Friday, is doing as well as could be expected.

Mrs. D. R. Harris, Fairfield avenue, and Mrs. Charles Greer returned Friday evening from Pittsburgh after being guests for several days of Mrs. Frederick Rohrer. While there they attended the Southwestern district meeting of the Pennsylvania Federation of Women's Clubs.

Misses Clara and Edith Tutino are spending several days in Pittsburgh. While away they will attend a party in honor of Miss Vera Cibone, a bride-elect.

Mrs. Martha Cox, and daughters June and Jessie, State street, have returned from Cleveland where they attended the funeral of the former's brother Bert S. Hammond.

John F. Smith, Highland avenue, has been called to Elrama, Pa., by the serious illness of his brother-in-law, Robert Flynn. Mr. and J. H. Connor accompanied him.

CATHEDRAL FUND CAMPAIGN RESULT

COMPLETION of the Scottish Rite Cathedral campaign for the sale of $297,000 worth of 5½ per cent certificates for completion of the financing of the magnificent cathedral project, showing that the amount sought was over-subscribed by at least $169,000, while an amazing campaign result needs little comment.

The result speaks more eloquently for the situation than any elaboration.

It reflects the utmost confidence of Western Pennsylvania in the organization in charge of the cathedral, in the small army of men connected with the organization, and with the feasibility of the cathedral project.

It required unusual vision and courage to start the cathedral project for Western Pennsylvania in this city. The result of the final campaign for financing is an eloquent testimonial of the approbation and approval that is now being given that courage and vision by the citizens who stand to benefit largely by the achievement.

Nothing in recent years in the way of campaigns has approached the success of the project that has been so wonderfully completed. This very success is the answer to any queries that might be raised as to whether or not the cathedral is going to be utilized to its fullest extent.

It is going to be more and more the centre of interest for not only New Castle and Lawrence county, but for a much wider field, a large area of Western Pennsylvania. The success of the campaign in the districts outside of New Castle is ample evidence of the interest and enthusiasm for the cathedral in these sections.

The men who have so successfully put across the campaign of the week have done an excellent service, not only to their organization, but to the entire community.

NEVER AGAIN DECLARES SCHWAB

IN THE sixty-five years of his life, Charles M. Schwab has crossed the Atlantic 140 times. He says he will never cross it again. His recent and seventieth trip to Europe was his last. He is home, so far as Europe is concerned, to stay. He will retire to his farm with its horses, pigs and chickens. Europe, he believes, is getting its feet on firm ground. Nevertheless, he has "bad news" from the Old World for America. He says:

> The unhappy thing I have to report is the feeling —disguised as it may be—of the great mass of the citizens of Europe toward Americans. It is not what might be called enmity. It is more like that of the more unfortunate of two men who start out in life together and one becomes rich, while the other remains poor.

Evidently, Europe plays the role of the man who "remains poor." What Mr. Schwab has to report is hardly "news." A good many thousands of Americans have observed it, declares an exchange. For years it has colored the politics and the thinking of Europeans. A very great many of his fellow citizens feel as Mr. Schwab feels when they return home; that never again will they expose themselves to the chill of that enmity.

Take pains with your work or you will get pains out of it.

A native is one who feels privileged to butcher his own language.

Jealousy is a green-eyed monster, but it may turn one or both of your eyes black.

Some live to a ripe old age and others try to see how rapidly they can get through traffic to nowhere in particular.

The average neighbor is usually able to tell the difference between a social caller and a bill collector.

The man who thought of air navigation probably was an autoist trying to find a place to park.

As the world grows more and more civilized we keep right on improving padlocks.

POEMS HOVE

BY CHARLES HANSON TOWNE

"To Sleep" by William Wordsworth

It would take courage for any poet to write a poem on Sleep. It has been celebrated by every great singer; and I think Wordsworth in his famous sonnet, said for all time what most of us would like to have been able to set down. It is in such quiet moods of the spirit that his great poet is supreme. It would be well if some of the extremists of our own time who delight in freakish measures and symbols would study the eternal simplicity of Wordsworth. He is like a gentle wind blowing above the grass.

A flock of sheep that leisurely pass by,
One after one; the sound of rain, and bees
Murmuring; the fall of rivers, winds and seas,
Smooth fields white sheets of water and pure sky;
I have thought of all by turns and yet do lie
Sleepless; and soon the small birds' melodies
Must hear, first uttered from my orchard trees,
And the first cookoo's melancholy cry.

Even thus last night, and two nights more, I lay
And could not win thee, Sleep! by any stealth;
So do not let me wear tonight away:
Without thee, what is all the morning's wealth?
Come, blessed barrier between day and day,
Dear mother of fresh thoughts and joyous health!

Hints and Dints

Sun sets tonight 6:11. Sun rises tomorrow 6:03.

In life it often takes more than snubbers and balloon tires to get a fellow over the rough places.

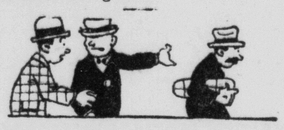
The testimony of a ten-year old boy cleared his mother of a charge of murdering her husband at Washington, D. C. It was the old story of the drunken husband beatin his wife when she turned and ended him.

In the world there are many strange appetites. Love eats a hole in a man's heart and alimony in his pocketbook.

A Sharon man paid an income tax of four cents and it cost him seventy-five cents to have the return made out. There are still a few things there are no laws against.

The man who has nothing but his dignity to stand on is due for a spill.

Every day this week we had intended to plant some onion sets and sow some lettuce seed, but on the day we had time it rained and spoiled it all. Now is a good time to plant onions. Any onion can stand any kind of scandulous weather if it comes along later.



Usually you can tell by the look on a man's face that his wife takes in boarders.

No one ever suspected that some girls are knock-kneeded and bow-legged until fashion gave them away.

A murderer who killed his two little children claimed he did not have nerve enough when he held the gun to his head to pull the trigger. That was too bad.

There is a great deal of talk in Harrisburg about election reform laws. It seems to us the laws we have are pretty good if the humans did not tramp them so hard at every election. Elections will never be just what a losing candidate want them to be.

It doesn't make any difference what you do with your money so long as you save it.

A gang of bandits in Western Pennsylvania are referred to as the "flat head gang." Fathead would be a better name. Bandits do some of the oldest things and then cringe and blat like weeping cowards when they see a chance of being caught.

A word to the wise: Everyone believes in advertising but the men who have gone out of business and they do NOW.

The task of selling the certificates of indebtedness for the new Scottish Rite Cathedral in about three days shows what can be done in New Castle when all the worthwhile citizens get together and be of one constructive mind for a few days. The Cathedral is a great asset to New Castle.

Men are being threatened with jail sentences because they refuse to answer questions in senatorial investigations. Getting into jail is being made easier every day.

Man is just his mind, full of other people's ideas.

An organization of husbands is being formed in Chicago with the idea of restoring man to his place at the head of the house. It is everlastingly and overwhelmingly too late for any such move even if man was once the head of the house.

All the confusion and the government's inability to pay soldiers their pensions and other bills was caused by the Democrats and alleged Republicans in congress. The American people stand for a lot of rot. Over in Russia they would shoot those birds at sunset instead of wasting an evening meal on the bird and shooting then at sunrise.

THE MAN THAT IS BROKE

'Tis the custom of Fortune to favor the few,
And make of the many a byword and joke.
That we mostly kowtow to the purple 'tis true—
But we scorn and deride him that's lonely and broke.

That we live in a bountiful land is our boast.
But many a watch is now lying in "soak,"
To furnish—a meal and a bed at the most—
To some homeless mortal that's starving and broke.

It is a problem for sages with plenty to eat—
Who never were stunned by calamity's stroke—
To learn how we may with intelligence meet
The need of the man that is hopeless and broke.

But alms from a millionaire's glittering stores,
That reek of the shackles of poverty's yoke—
Can ne'r heal the heart with its festering sores,
Of the poor wretched devil that's hungry and broke.

A rabbit can sleep in an old hollow log,
And squirrels wax fat on the fruit of the oak.
There's always a bone for a lost wandering dog—
But God only pities the mortal that's broke.

Tho he maybe has letters from Harvard or Yale—
'Tis want that oft drives men to whiskey and "coke."
For he knows that the doors of the poorhouse and jail,
Are the only ones open to men that are broke.

Myself have been tempted to beg and to steal,
I've lacked the few coppers to purchase a smoke.
I've known what it means to be wanting a meal—
And I know how to feel for the man that's broke.

FRANK W. TYLER.

It is reported that a foreign count has been paid a half a million dollars to keep him away from his American heiress wife and her son. That might be termed a profitable marriage—at least to the count.

The public is reminded every day that about the only thing a 5-cent piece can do today is to open a savings account. Which may be taken as showing that while spurned in the marts of trade the nickel is not too proud to go to work and be the foundation of a good many fortunes.

So far, the outstanding fact in our relations with Nicaragua is that we are 174 times her size. But we haven't made her do as we said yet.

It is estimated that more than 90 per cent of us, meaning all the people, give their right names and addresses when they apply for auto license. Also for marriage licenses. So it seems that the most of the people are essentially honest after all.

A female editor of a moving picture magazine got a divorce from her husband because he was "grouchy and naggy." She does not want a man—she wants an angel.

Henry Ford is getting a taste of the newspaper business. He is getting it in the way of a million dollar libel suit and it is claimed he never heard of or saw the article complained of. It's always best to keep an eye on the articles going into a newspaper—and then some of them are bad enough.

So far three claims have been made for March 12 babies. Mr. and Mrs. Harry Lee Hall of Ellwood City were sent a check for fifteen dollars for their twin boys. One has been named Frederick Dale and the other Francis Gail. Mr. and Mrs. Elmer Nesbit have also been given the prize. Mr. and Mrs. Keith Hustoj have also been paid the prize. The claims are paid soon as they are properly presented.

Well, the groundhog days are just about over and everyone is satisfied. And winter just has a few more days to go. But we won't feel satisfied that winter is really over until after March goes out like a Lion or Lamb, and we have a few Lion days coming to us.

By a proposed bill before the assembly at Harrisburg, life imprisonment will be the punishment for the commission of any crime in which the offender displays a deadly weapon, or found equipped to commit murder. Such a severe penalty ought to help check the increasing number of hold-ups and petty robberies of the thrill type. Those attacked rarely care to risk their lives and many of the would-be hold-up men are not molested at the time. But every honest person is back of the proposed legislation.

A woman of Russia slapped Kerensky as he was about to speak in New York City. Fame of that kind is very fleeting. She will go down in history like the man Abe Lincoln publicly apologized to. Now we know that there isn't one person in a hundred who knows who he is but everyone has heard of Abe.

An ideal wife is one who can sit and think her own thoughts while appearing to hear all his boasting.

It is claimed that in England since the elimination of the publicity many more divorces have been asked for and granted. Now we have been under the impression that it was the publicity that some of the people wanted, but in that we must be mistaken. Remove the publicity here and maybe we'll have a new industry also.

President Coolidge reported to his cabinet meeting the other day with a sprained wrist and had it wrapped in bandages. There is much speculation as to how he sprained the wrist as he is very regular and methodical in his work and activities. Some of the western members suggested that perhaps it was writing that Farm Relief veto message. That may be true but the message wasn't a lame one, at any rate.

From the manner in which some of our public men act they would seem to have their deaf ear to the ground.

Mellon vs. Hibben.

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

Dr. Voronoff, Austrian surgeon, is a real scientist, whatever your opinion may be of gland transplantation, making old men into imitation young men and old sheep into young sheep. He says men will live 125 years, have an "old age" lasting only three months, then die.

Men die little by little as the glands lose their vitality. So it is with animals.

You are as old as your glands. Ordinary sheep live fourteen years. Dr. Voronoff performs gland operations and they live twenty years, then they are sick for a week and die, the glands collapsing all at once.

* * *

The trouble with gland operations on human beings is lack of glands. Only the higher apes will do, they alone having blood like that of human beings to make transplanting glands successful.

Dr. Voronoff, on a farm in the south of France, raises monkeys for their glands. The monkeys do not complain. They live happily and die painlessly.

Let us hope we shall not see a "higher civilization" in which each man will have his own little monkey house to raise Simian cousins to supply him with glands later on.

New York Republicans have been giving Governor Smith a presidential boom in their own way. He has his way against their will, and they say he is a "combination of Mussolini and Lenin." A man with such a combination of qualities might be useful in this government, he would get things done, such as harnessing the Colorado river, building a fighting air fleet, etc.

Many Christian missionaries in China and managers of Christian universities decide to render unto China what is China's, allowing the Chinese to manage China for Chinamen. All the seventeen Christian universities in China, although they do not like it, agree that China has a right to rule on Chinese soil, and consent that religious teaching in the universities shall be optional.

To be a working coolie in Shanghai is not bliss. Cantonese troublemakers want workers to strike and trouble foreigners. If they work, Cantonese murderers kill a few of them each day.

On the other hand, executioners, with heavy swords, walk openly through the streets with orders to chop off the heads of the strikers.

Clarence Darrow, who has made murder safe for distinguished criminals, discussed with a clergyman the question asked long ago, "What is man?" As two hoptoads might discuss the nature of the express train on its way across the continent.

Darrow calls the human body a machine and thinks "everything has a mechanic origin."

Dr. Gray, clergyman and college president, touching slightly on behaviorism and emergent evolution, says man is a spirit.

So he is, but what is a spirit? Man, being man, cannot judge man. That "know thyself" command tells us to do something we can't do. The wise thing is to work and be grateful for knowledge as it comes gradually.

One president of Princeton, Woodrow Wilson, landed the foreign debt of ten billions on the American nation.

Another Princeton president, Dr. Hibben, with 160 of his faculty, and many of his young gentlemen behind him, says those debts should be forgiven, or almost forgotten.

The opinion is not important, for Princeton presidents, fortunately, do not run the United States or the world at this moment.

Secretary Mellon has written a letter to President Hibben that should do the latter gentleman good. He has told him that when college presidents and faculties plan to take a ten-billion-dollar burden from the shoulders of Europe and put it on the shoulders of American taxpayers, they should get facts, which they could have done easily.

This interests those that sleep with windows closed. Dr. Kummer of Geneva studies the lockjaw germ and announces that one thing it can't stand is plenty of fresh air. It will resist powerful disinfectants, but collapses if you open the wound and let in air.

Our three greatest remedies, providence gives us free of charge are sunlight, fresh air, fresh water and a majority of humans neglect all three.

A Frenchman designs a villa mounted on a turntable, arranged to follow the sun, an electric motor turning the villa slowly around. That is ingenious, but not important. It is simpler to have plenty of windows, let the sun do all the turning, and keep some of the windows open.

I'd hate t' live in one o' them states where such things as tornadoes, floods snowslides an' earthquakes are allus "heretofore unheard of." Who recalls when we couldn' go t' a party unless we promised t' behave?

Dr. Crane's Editorial

A SAFE GAMBLE

A man in a trusted business position disappeared. His books showed that over a period of years $100,000 had been diverted to his own use.

The date of this item doesn't matter. It might be this year as well as another. For every year a certain number of such moral failures appear.

Model cashiers default, trusted employees abscond, and readers shake their heads over the morning papers from coast to coast.

Yet such cases represent but an infinitesimal percent of the men who handle money throughout the land.

Business is based upon a gamble upon the honesty of millions of men and it goes on with comparatively few losses.

The head of the Protective Department of a bankers' association once told this writer that nothing in the way of protection had been found or devised that was sure to work 1,000 times out of 1,000.

There was always the human element that it depended upon finally for success.

Samuel Butler, the author of "The Way of All Flesh," wrote in his "Notebooks" this observation:

"No matter what cunning system of checks we devise, we must in the end trust someone whom we do not check, but whom we give unreserved confidence."

All safeguards end in the human equation.

No system of surveillance or checks or records or safeguards can be depended upon where men are unreliable.

No walled town or barred citadel is secure unless those inside are loyal.

An "inside job" is not visible until seen too late.

The ultimate basis of business security is the trustworthiness of human nature.

In the end human integrity can be relied upon. If this were not so, the world of business would be as open to loot as a bank-vault with wide open doors.

Trusting to the honesty of human nature is a gamble, which, in spite of a few exceptions, has proved itself a safe gamble.

The World AND THE Mud Puddles

BETTER CLEAN-UP RIGHT

New York is having a cleanup. How long the effort is going to be put forth no one knows. The stage and the book stalls have startled even the blase New Yorker with their dirt, and for a time at least, there is not expected to be the same amount of filth peddled.

Some of the newspapers of New York seem to have fallen just as low as the stage and the book stalls. The tabloid news papers had indecent fits over the "Peaches" Browning case. The silliest of them, if one can be sillier than another, hired a paunchy man in silk pajamas and a fat girl in silk underwear to re-enact for the newspaper cameras the more revolting moments described by "Peaches" in her testimony. The same great journal of enlightment promoted a contest among its readers for smart jokes about the trial of which the following was one brilliant speciman: "Woof! Woof! Daddy Browning, real estate opreator, whose heart is Rent!"

All that is pretty bad, but in the Halls of Congress Senator Heflin, of Alabama, has been spewing forth his awful blather, because, forsooth, that is the stuff his constituents like to hear. As one writer expresses it, "It tempts me to exclaim with the immortal George Washington, 'Are these the men with whom I am to defend America!'"

It is truly ground for more than idle satire. With all our great wealth as a temptation to the world, if this is the sort of a generation we are bringing up, we are certainly due for one Gosh-awful licking from the first sincere and genuine Nation who takes a fancy for fighting us. A Nation can only be as strong as its people are clean. There is a certain robust smut like Rabelais which may at least betoken strength, but the stupid, half-witted filth upon which some newspapers are building a huge circulation in New York, suggests Decay.

Just Folks

By EDGAR A. GUEST

WORRY

Once he worried over debts
He was poor and talked of trouble;
Thought he had his share and double,
Fancying that a rich man gets
Skies of blue and mornings sunny
And no burdens with his money.

Now he's rich and worries still,
Having money he must use it
And he watchful lest he lose it,
Now he knows that never will
Worry ever wholly leave him,
Even gold has power to grieve him.

Life is worry, through and through.
Care is ever at man's shoulder
As youth learns when it grows older.
Always there are tasks to do.
So we go through life, my brother,
Changing one care for another.

HE IS WISE—

Who hesitates before he interferes in a family quarrel.
Who does not spend much time assuring himself he is wise.
Who treasures the trust of his wife above the flattery of others.
Who makes his path remembering that his son may walk in it.
Who analyzes his impulses before he obeys them.
Who has learned to learn even from the unlearned.
Who can save himself by using other men's experiences.

BREAKING THE RECORD

An individual whose name I have mislaid has broken the world's long distance dancing record. He danced continuously for 266 hours, with three-minute rest periods at the end of each hour.

This monumental achievement will stand until some other unimportant individual with more physical endurance than brains takes it into his head to dance 300 hours.

* * *

It is difficult for a normally constituted human being to understand the motives that urge on the contenders for world's records in inconsequential lines of endeavor. But I think the motive, when you discover it, is as simple as the person motivated. It is nearly always a mere itch for publicity. It is exactly the same inspiring force that compels some persons of no importance to drag their most intimate domestic lives out into the limelight, to give out interviews about the misconduct of their wives or husbands, and to pose for ridiculous pictures.

In some human beings there is deeply rooted the desire to be noticed. So dominant does this urge become that it compels many victims to make fools of themselves, since they cannot attract attention in any other way. This is a childish characteristic. All children have it. You have often seen a small child deliberately playing the fool or bumping his head against the wall, so as to attract attention. Normal humans outgrow this state of mind, but those who never grow up mentally spend their best energies in deriving ways and means to make people notice them.

* * *

Breaking a record is one way to attract attention. Hence, some human failure conceives the notion that he will eat more pies than anybody else has ever eaten before. He does it, and gets his picture into the news reel. He is, for the moment, a personage, and he is thus permitted to forget that he is a no-account.

Several boys have indulged in the silly exercise of running upstairs from the street to the top of the Woolworth tower, in New York, to break the record. Of course, they were boys, and the folly of boys is easy to overlook even though they run imminent risk of ruining their hearts for life by this kind of foolishness.

It is well to remember that most records are not worth breaking.

Three More Suspects Taken Into Custody For Payroll Robbery

(International News Service)

PITTSBURGH, March 19.—Acting on a tip from Philadelphia, police today arrested three more men as suspects in the $104,000 Coverdale payroll robbery when the men drove up to an address here where Joseph Dac, 28, butcher, was arrested last night for questioning.

Police refuse to divulge the men's names or the details of the trip upon which they were seized. Shortly after the men were arrested an automobile load of detectives started on another trip to the farm of Joseph Weckoski, near Charleroi, where $27,500 of the loot has been recovered.

Two of the men, police said, were former employes of the Terminal Coal Company whose payroll was stolen when the bandits bombed an armored pay truck.

The latest suspects denied any connection with the robbery. Weckoski accompanied the detectives on their latest trip to his farm, where Chief of County Detectives George W. Murren said he believes the balance of the stolen money will be found.

A Detroit detective was expected to reach Pittsburgh today to assist in the questioning of Dac.

The three suspects were released later when Weckoski failed to identify them after they were taken before him in the county jail here.

After helping to explode this angle of the search, Weckoski was hurried to his farm by detectives.

Police explained the arrests followed the misunderstanding of a tip from Philadelphia police.

Working in harmony with detectives from Detroit, local sleuths last night took into custody the third suspect who gave his name as Joseph Dac, 28, a Pittsburgh butcher. Late last night about a half-hour before Dac was arrested, state policemen, searching the farm of Joe Weckoski, near Charleroi, Pa., uncovered $3,343 additional loot which was hidden in a manure pile. Weckoski was captured as a suspect by Detroit police at the home of his sister-in-law there. The first of the suspects captured, Paul Jaworski, has already confessed to the crime and to two other payroll robberies in which a guard was killed in each instance. Jaworski told police that Weckoski's farm was a rendezvous for the gang, which operated out of Detroit.

Dac's arrest was brought about when authorities in Detroit intercepted two letters which were written by two members of the gang to their wives in Detroit, according to detectives. At first the Detroit sleuths deciphered the address as from Philadelphia, but later found it to be a Pittsburgh address.

LETTERS TO THE NEWS

MRS. HOLLIDAY EXPLAINS CASE

March 19, 1927.

Editor The News:—

I would appreciate a little of your space to make known my position in the controversy of the past few weeks, involving myself, the board of education, Dr. C. C. Green, superintendent of school, and Miss Nannie Mitcheltree, principal of the Mahoning school, in which I feel that my position has not been given the proper consideration.

I wish to state that the most recent publication of the action of the school board relative to my last letter, was rather unusual, in view of the fact that a private letter was made public property. The letter was brought before the board, was a private one, intended only for Dr. Green and H. M. Marquis, secretary of the board. It was not for publication or action by the board.

I am sending my boys to school to respect their teachers but feel that when Miss B. Kemm, a teacher, told class 9A that Andrew Mazure was the only one who was not going to be promoted and then he was promoted and my boy failed, that it makes my efforts harder. He made a C in civil government and a D in modern mathematics, but these letters do not indicate failure.

I went to the school and asked Miss Mitcheltree why he failed and she told me in his daily grade work. I asked if I might see his daily grade work and was informed that it was not there. I went to the building three times to see these marks but have never been shown them.

It was then that I asked that my son be transferred to Ben Franklin. I was referred to Dr. Green. He promised to investigate. Two hours later he was in Mahoning school and asked me to go to the school. I had asked for a private interview but when I went into the office Miss Mitcheltree and her assistant were there. I asked why my boy was permitted to play in an inter-class basketball game, if he failed. I was informed that I should be glad that he was permitted to play. The question was not answered. Dr. Green stated he did not have time to go into the details, as he had five state educators to entertain and was very busy. I then asked for a transfer and he refused. He gave me no reasons. I also asked why the name of my boy was called out in the main auditorium of the high school on the Monday following the promotion and also called out in chapel and he could not explain.

I was then advised to call Attorney W. J. Moffatt, counsel for the school board, and explain the case. I did this and he turned me over to Attorney C. H. Young. He listened to my explanation and then advised me to go to Dr. Green. I explained that I could not go alone and Attorney Young did not offer to go with me. He asked me to come and see him. I went and he told me he did not think it wise for me to go to the school board. That is the reason I did not attend the board meeting to which I was invited.

When your boys and girls return home with their report card it says on it that the parents are urged to inspect it and if found unsatisfactory to confer with the principal. This is what I attempted to do, but I have been unable to get a satisfactory solution or answer.

I feel that my side of the case has not been given favorable consideration, but what could I do, when told not to attend the board meeting, because the board could not do a thing for you? Is there not some reasonable explanation due me? The people of the seventh ward believe there is.

Signed,

MRS. F. R. HOLLIDAY,

Takes Leading Roll In "Within The Law"

ELLA KERBER RESCH

Ella Kerber Resch, former reporter on the New Castle News and for many years a resident of this city, is playing an important part in "Within The Law," to be produced at the Park Theatre in Youngstown, May 9, 10 and 11, under the auspices of the Youngstown Police Department. Proceeds from the play will be used to provide a $5000 insurance policy to each member of the organization.

Mrs. Resch during the time she attended New Castle high school, class of 1916, appeared in the Senior class play "As You Like It" and also in "What Happened To Jones" and "The Pianafore."

She is the daughter of Mrs. Mary A. Kerber, 315 East Long avenue.

Ask Volunteers To Aid Patients

In the present day of modern medicine and surgery, blood transfusions are often resorted to for the purpose of trying to save life and often prove the means of restoring people to health.

But the difficulty in this city, is the securing of healthy persons, with the proper type of blood, when needed.

At the New Castle Hospital, Peter Mancino, who has supervision of this type of work, is planning an innovation, in an effort to have persons available for blood transfusions when needed.

He asks that men, who are healthy, and willing to sacrifice a part of their blood for the good of their fellow men, report to him at the hospital at once, in order that he may test their blood, and group or classify them, in the four groups or classifications that are known in such work.

His plan is this, that when he has grouped these volunteers, that he will take their name, address, and telephone numbers and place them on file.

Then when the emergency arises, all he will need to do will be to look up his list, select the man with the right kind of blood for the case at hand and have them go to the hospital for this service to others. It will mean that there will be no delay in giving the patient every possible chance of recovery.

And last, but not the least, the persons volunteering, while probably willing to do this service without remuneration, will generally find that such service is not without its reward for themselves and that they will be well repaid for their services.

Such volunteers will be conferring a favor on the community by reporting to Mr. Mancino at once at the hospital.

Rev. Aber At Princeton

A good attendance of pastors and Sabbath School workers greeted Rev. L. Louis Aber, School Administrative Superintendent of the Pennsylvania State Sabbath School Association, at the Princeton Presbyterian church yesterday evening at 8 o'clock. Rev. Aber outlined the work of the Pennsylvania State Sabbath School Association and pointed out the needs of the Sabbath School of today in order to produce growing Christian lives. He also stressed the requisites of a good teacher.

The meeting was in charge of Rev. S. H. Shaw, president of the Slippery Rock District and the County President, Robt. M. Strickler, Jr., brought a message dealing with the coming State Convention.

After the address of the evening by Rev. Aber an opportunity was given for questions to be asked concerning various phases of Sabbath School work. A meeting of Slippery Rock District officers was held after the close of the conference with the president, S. H. Shaw, in charge.

Salvation Army.

Commandant Charles Barchell an old veteran of the Salvation Army will speak Sunday evening at the Salvation Army hall 26 East street at 8 o'clock. He is a man of God and has many interesting experiences to tell you about his work in the Salvation Army and most of all about the Christ who has done so much for him. The other meetings are as follows: Sunday morning holiness meeting at 11 a. m.; Sunday school at 2:30 p. m.; Young People's meeting at 6:30; open air service, 7:45 p. m.; Sunday evening service at 8 p. m.; Tuesday, Friday and Saturday at 8 p. m. Adjutant and Mrs. Parkins and Captain Martha Kohler, officers in charge of local work.

Plan For Rally.

Final arrangements will be made for the annual rally of Lawrence County Christian Endeavor society which will be an event of March 22 in the Central Christian church at the meeting of the C. E. society of the First Christian church on Sunday evening. Mrs. Charles Hunter will be the leader.

Ministers Meeting.

Dr. F. S. Neigh, superintendent of New Castle district, Erie conference, will read the paper before the New Castle Ministerial association at the meeting on Monday at 10 a. m. in the Y. M. C. A.

Dr. Neigh's subject will be "The Person and Power of the Holy Spirit."

Ben Hur Meeting

Regal Court, No. 9, Tribe of Ben Hur will meet Monday evening in the Sons of Veterans hall.

Orchestra To Play

One of the special features of the Young People's Inter-Sunday school conference Sunday afternoon in the Y. W. C. A. auditorium will be special selections by the Council orchestra directed by Albert Bauman, Jr.

The players include Marcia Platt, Ellen Brewster, Grace MacEwin, Katherine McLaughlin, Mary Sharp, Leonard Smith, Willard Porter, Vincent Thornburg, Kenneth Kennedy, Edgar Beal, Earl Bauman, Charles Oaks, Melvin Gray, Fred Brewster and Paul Lusk.

Three minute talks on the topic assigned will be given by a number of the young folks.

Have Communion

The celebration of the communion service will be observed Sunday morning in the Epworth M. E. church. In the evening the annual thank offering and founders day service will be given under the auspices of the Woman's Foreign Missionary Society.

At this service Dr. Maxwell will give "The Eagle of the Lord" a dramitazation of the life of Paul. Dr. Maxwell has given this portrayal of Paul on several occasions and it has always made a profane impression.

Dr. Welshimer Thrills Hearers

Noted Church Worker Speaks At Banquet At First Christian Church

MUSICAL NUMBERS ALSO ATTRACTIVE

Rev. P. H. Welshimer, D. D., of Canton, O., pastor and superintendent of the largest Christian Bible school in America, was the speaker of the evening at the banquet and program given in the First Christian church of this city Friday evening under the auspices of the Men's Bible class.

Dr. Welshimer's address was of the highest character and dealt principally with the work of the Bible school, giving inspiration to the many Bible school leaders and workers who had the privilege of hearing him. He has been pastor of the Canton church for 27 years. The Bible school attendance at this church is between 2,500 and 3,000 every Sunday.

The program opened with an elaborate banquet in the church dining room, served by the ladies of the congregation. Covers were laid for about 165 members of the church and a number of friends. The tables were beautifully decorated in yellow and white tones. Yellow tulips and calendulas intertwined with ferns, were artistically arranged in tall vases, giving a very effective coloring.

The invocation was offered by Rev. C. H. Holcomb, pastor of the church. During the banquet pep singing was much enjoyed, led by R. E. Johns, chorister of the church.

At Speakers' Table

Those sitting at the speakers' table included Rev. and Mrs. P. H. Welshimer and Mr. and Mrs. C. C. Welshimer of Canton, O.; Rev. and Mrs. Jesse B. Porter of Central Christian church; Rev. and Mrs. C. H. Holcomb and son, E. D. Marvin, president of the class; Mrs. T. W. Phillips and Mrs. Charles Johnson.

John F. McElvain, Mr. and Mrs. Daniel Cottrell and Mrs. Emma Hamelton of Butler, Pa., were out-of-town visitors.

A musical program was also much enjoyed, with R. E. Johns in charge. A sextet composed of W. E. Whieldon, George Anthony, J. O. Stritmater, E. D. Marvin, Harry Evans and R. E. Johns sang effectively "Liza Lady". A solo and duet number, "Indian Love Song", was given by W. E. Whieldon and J. O. Stritmater and Mr. Stritmater also sang a solo entitled "Duna".

The program closed with the duet, "The Long Night Watch", by George Anthony and Harry Evans. All of the singers were forced to respond to an encore, which showed how much their numbers were appreciated.

Miss Marie Snyder, church organist, was the accompanist.

Dr. Welshimer Speaks

Dr. Welshimer was then introduced. He said in part: "The hope of the church lies in the Bible school, which is the greatest agency for evangelization in the world today. Many churches are enlarging their buildings. Not so much their auditoriums, but making a better place to teach the boys and girls the fundamentals of Christianity. If a boy and girl are taught the plan of salvation and are deeply rooted and grounded in the faith before they are 16 years of age, they will not so likely be led away by some of the false doctrines in the schools and universities when they enter these institutions later.

The speaker continued by saying that the church and Bible school should be made so attractive and interesting that men and women, boys and girls, would be glad when Sunday comes, when they could attend the services. The Bible school should be a drawing card and there should be a fine social spirit and kind Christian personality prevading among the teachers and the leaders of the school. The lesson should be so well prepared by the teacher that the boys and girls would rather be in Sunday school than anywhere else. Parents should be more concerned of what their children are getting in the Bible school than in the public school. Seventy-five per cent of the ingathering in the church comes from the Bible school.

Dr. Welshimer said he had often been asked wherein laid his great success as a leader in Bible school work. He said he always answered "work, work, work". He emphasized the fact that there was not anything that required the perseverance, patience, skill and tact as that of being a Bible school superintendent. Every superintendent must have a vision. A man who has a vision will always make good.

A fine feeling of fellowship prevaded the entire evening and the event will always be remembered as a pleasant memory to all who were present.

Police Officers Attend Funeral

Every member of the city police force, as far as possible, is this afternoon attending the special service at St. Joseph's church for the late Officer Michael J. Connor.

Weather permitting the entire force of officers, including the chief, will march with the funeral procession, from the home on Ray street to the church.

In the absence of the officers of the force from the police station, the city is being guarded during the time of the funeral service, by a force of city employes, including sanitary police officers, and city firemen. Howard Phillips, superintendent of garbage collection, and a former member of the city police force, is in charge of the volunteer police force.

Let's see, self-determination is something all small countries should have—if they happen to be in Europe.

So many people think they are broad-minded just because they are too lazy to form a conviction.

Mrs. Wallace Reid Writes to Local Friends

Hollywood, Calif., March 12, 1927.

To My Many Friends in New Castle:

A few months ago when I was in your city in person with my first picture "Human Wreckage" I promised you I would have another picture equally as interesting and as vital to the American people.

That picture "The Red Kimono" will be with you on Monday, Tuesday, Wednesday and Thursday, March 21, 22, 23 and 24, at the REGENT theatre. "The Red Kimono" deals with the social vice in a practical manner yet in a way that is appealing and not in the least offensive to most sensitive.

I will be unable to be with you in person with the showing of "The Red Kimono" but I having in New Castle as my personal representative Mr. William Charles Bettis, a noted lecturer on the social problems. Prof. Bettis has appeared before more persons on this question than any other man in America and knows the subject thoroughly. He will be able to thrill and enlighten you.

"The Red Kimono" is a picture for mothers and fathers, sons and daughters—in fact for everyone over 16 years of age—and I want to personally invite all my friends in New Castle to see it.

Yours very truly,

MRS. WALLACE REID.

In the Heart of the Newest Gold Rush

These pictures give glimpses of the hectic days that followed the gold rush at Weepah, Nev. The top view shows tents and shacks that have risen where only desert was a few days ago. Note the automobiles, the modern burro. At the left is Frank E. Horton, Sr., his son, Frank, Jr., and his friend, Leonard Traynor. It was these youths that discovered the gold mine that started the rush. At the right is the entrance to their diggin's. The thirteen sacks of ore were valued at $13,000.

Russian Choir Presents Program

Concert Pleases Large Crowd At Ben Franklin Auditorium Friday

Russia, it seems, has something else besides bewhiskered Bolsheviks, droskys and Cossacks. They produce singers in that far off frozen land, and on Friday evening, the Russian Symphonic Choir presented a concert in the Benjamin Franklin Junior high school that was as delightful as it was musical.

Garbed in native costume the men and women of the Russian steppes sang in their native tongue. Sang with a virility and a vibrancy that bespoke a strong people, a musical people. Enormous bassos, double bassos, tenors with unusual quality, and female voices that balanced with the thunder of their male companions.

The concert was divided into three parts, the first being sacred numbers, the second classical, and the third, folk songs. Of the three, the folk song section seemed the most popular for it was here that these interesting people gave vent to songs of their home land.

In many ways one was reminded of the Ukrainian Chorus, and yet there was a difference. Perhaps it was a difference of kind rather than of degree, for certainly both choruses were most satisfactory.

POLICE LIEUTENANT BECOMES PATROLMAN IN OIL CITY SHAKE-UP

OIL CITY, Pa., March 19.—A further shakeup in the police force went into effect today. Harry Aites, recently demoted from captain to lieutenant, became patrolman in the latest order issued by Mayor C. C. Shaffer. Officer Vernon W. Nelson, a veteran of the World War and the latest addition to the force, was appointed acting lieutenant.

No specific charge or reason was given by Mayor Shaffer for reducing Aites. At the same time the mayor suspended Patrolman Clyde Simons for five days without pay for "conduct unbecoming an officer".

Sheep Claims Make Low Record In County

MERCER, Pa., March 19.—The sheep claims in Mercer county since the first of the present year establish a record for that period of time.

The total of claims of sheep killed or injured total but $100 it is said today by Harry Higbee agent of the state bureau of animal husbandry who has charge of settling claims.

Higbee accounts for the reduced amount over previous years for the period of time embraced in the fact that Mercer county dog owners are conforming to the regulations of the law closer than in previous years.

It is pointed out by Higbee that the time of year when sheep claims are the most numerous is approaching when owners turn them out at nights.

Th last claim of record on the few reported this year is that at the farm of C. W. Munell of Coolspring township, Mercer county when sheep were killed and injured to the amount of $24.98. The dog was killed.

Ready To Battle Local Forest Fires Says J. L. Calahan

Improved tools for forest fire fighting have just been received and the local State Forest Fire Warden J. Lee Calahan says that preparations are made to answer any calls from the county or other territory.

Mr. Calahan says that the community in general does not realize how much damage is done every year by forest fires. Almost every year a tract of almost 100 acres on the Shenango river north of the city is burned over with hundreds of dollars loss that might have been prevented if the warden had been notified.

Of course the danger to life and damage to the trees themselves is not nearly as grave as it is in the thickly wooded places where we read of the terrible forest fires but much timber is destroyed every year and untold damage is done to the undergrowth and young trees which are having such a hard time getting a start.

Mr Calahan said that the Boy Scouts have planted 35,000 trees in the county during the last few years and they are planning to plant 10,000 trees this year. But what is the use of planting new trees if they are destroyed by fires.

Many beauty spots in the vicinity of New Castle have been obliterated by forest fires in the recent years. Several beautiful forest tracts and ravines have been so burned over that what were once beautiful nooks are nothing but charred and ugly spots says Mr. Calahan.

One of the most far-reaching damages done by forests fires in the county is that, although fires may not reach such intensity as to destroy the timber, yet they burn all the undergrowth which holds the moisture. Thus every year streams and rivers are becoming drier and lower just because the forests are being cleared out, especially that undergrowth which holds the moisture is burned away. Mr. Calahan says that streams have been known to dry up entirely which were once filled with water the year around.

Any of these fires could be extinguished within a short time after they started and much damage prevented if those who discover the fire would call Mr. Calahan at once so that he could get a force of firefighters and the efficient tools there in time. So Mr. Calahan urges that he be notified at once. He can be reached either in his office in the Chamber of Commerce rooms or at his home. His office telephone is 2660 and his home number is 3621-J. The Boy Scouts are to post notices within a few days. These notices will give the fire warden's telephone number as well as his address.

The law gives the fire warden the right to call on any one to help him in his duty. He is also given the right of access to any property for the purpose of extinguishing fires or for examination to see if there are any fire hazards. Anyone hindering the fire warden in his duties are liable to a severe penalty.

No tractor or other portable engines are permitted by law to burn wood as fuel without proper spark extinguishers being used. This also applies to saw mills. Such engines are also required to carry equipment for the extinguishing of any fires that might be started.

Tourists or others who have occasion to make a fire in the woods for the purpose of cooking should especially be careful to first rake back all inflamable material and when they are through make sure the fire is extinguished by scattering the coals out and covering with fresh earth if there is no water handy. Anyone not taking these precautions are subject to arrest and penalty of a fine.

Especial precaution should be taken by those building brush fires that the fire does not spread into the timber, for any damage caused in that way must be paid by the one making the fire according to the law. The fire warden will be glad to give any advice in the burning of brush. And large brush piles in the timber make a bad fire hazard, so inspection of timber plots are made every so often by the warden or his deputies to see that such fire hazards are not allowed to remain.

Grass fires do not come under the jurisdiction of the forest fire warden says Mr. Calahan except when there is danger of the fire spreading into the timber.

Two More Names On Franklin Honor Roll

There are two additions to the honor roll of the Benjamin Franklin junior high school which were delayed in being put in the list as printed a few days ago.

The name of Gertrude Harbert of 9B6 should be added to the honor roll while that of Maude Diana of 7B7 should be added to those who received honorable mention.

Mr. Coolidge may be the first third-term president, but he isn't the first to want it.

Initiate Eight Into Journalistic Frat At College

Westminster Journalists Are Taken Into Fraternity Friday Afternoon

(Special To The News)

NEW WILMINGTON, Mar. 19.—Friday afternoon eight pledges to Tau Gamma Delta, the journalistic fraternity at Westminster College, were received into membership. The initiation ceremonies were held in the journalism laboratory.

Leland Cooper of Evans City, advertising manager of the Argo; Alexander McNaugher of Pittsburgh, and Donald McKelvey of Ligonier, associate editors of the Holcad; Paul Jones of Sharon, athletic editor of the Holcad; Maxwell Bovard of Sharon, assistant manager of the Holcad; Daniel Kelso of Swissvale, business manager of the Argo; Haldon Williams of Carnegie, editor of the Argo; George Dickson of East Palestine, O., and Brookes Reed of Youngstown, O., assistant business manager of the Holcad, were those initiated.

Orvil Mirtz of Pittsburgh, associate editor of the Argo, is a pledge to the organization, but he underwent an operation for appendicitis in the Shenango Valley hospital at New Castle, Wednesday. He will be initiated in the late spring.

The purpose of the fraternity is to give recognition to journalistic endeavors and to encourage underclassmen to try for the staffs of the college's publications. Only upper-classmen are eligible.

Older members of the organization are: William Thomas of Farrell, president; Frank Moretti of New Castle, treasurer; Joseph Dickson of Pittsburgh, secretary; William Wilt of Ligonier, Brown Bricker of North Braddock, Robert Ferguson of Bellevue, Clare Swisher of Mahoningtown and Professor R. X. Graham of the college faculty.

Extra Quality
easily recognized
explains Hupmobile Six Success

No need for any salesman to point out contrasts between the new Hupmobile Six and other sixes in its price-class.

You see them yourself at first glance—in the car's new beauty of line and finish; in clear vision bodies; in interiors upholstered in genuine mohair; in conveniences such as tilting beam headlights controlled from the steering wheel; in the many detailed refinements that emphasize the completeness of equipment.

But the utterly convincing thing is performance—and your first ride will convince you that for speed and power and pick-up and smoothness the Hupmobile Six rivals the most expensive sixes on the market.

For Hupmobile puts 10% extra quality into this car to insure the very utmost in six-cylinder brilliance and dependability of performance.

Make comparisons and you are bound to select the Hupmobile Six. In common with thousands of others, you will recognize it not only as the closest-priced Six in America—but far and away the finest quality Six under $1750.

Jewels Worth Half Million Under Hammer

LONDON, March 19.—Stories of the departed glories of the Russian court and of the ill-fated Romanoff dynasty were recalled in a London auction room today when a glittering array of magnificent jewelry valued at $500,000 fell under the auction hammer.

Originally the property of Russian nobles and aristocracy, ownership of the jewels passed to the Russian state to be sold in turn to a British syndicate to be auctioned off. Many of the pieces are wrought in beautiful settings by famous French and Russian jewelers.

The most valuable piece in the lot is a 200-year-old nuptial crown, studded with 600 diamonds. It was once worn by Russian royalty. This crown is surmounted by a cross of six diamonds of great size and superb quality. One diamond alone in the collection—a wonderful egg-shaped diamond an inch in length—is valued at $100,000.

The rest of the collection consists of a dazzling assortment of tiaras, necklaces, pendants, earrings and bracelets. The whole collection, which contains more than a thousand precious stones, is divided into 124 lots. The sale was held in Christie's auction rooms.

Lad Is Killed; Struck By Truck

Accident Occurs At Forrestville, North Of Slippery Rock, Friday Evening

DRIVER TRIES TO AVOID ACCIDENT

Monroe Jr., the seven-year-old son of Mr. and Mrs. Monroe Snyder of Forrestville, north of Slippery Rock, was run over and killed by a large motor truck Friday afternoon a few minutes before five o'clock, near his home in Forrestville. Thomas C. Morrison, the driver of the truck, in trying to avoid hitting the child, ditched the truck and he and two companions were slightly injured.

The fatal accident happened when the child, leaving the Patterson store, darted across the street as the truck, heavily laden, came down over the grade. The driver swerved to the right to avoid hitting the child, but the child continuing to run, was caught beneath the truck just as it was overturned. Spectators ran and picked up the lad and carried him into a house, but he was apparently killed instantly.

The truck, which was heavily laden with oranges, bananas and other produce, overturned, pinning beneath it the driver and two other companions. The driver and one of the men were in the cab and were bruised and cut by the broken glass. The other man was on the back of the load and was pinned under the load, but escaped with slight bruises.

The truck is owned by D. H. Hintz of 950 Grove street, Meadville, Pa., and was returning from a trip to Pittsburgh with a load of fruit and produce. The operator of the truck was Thomas C. Morrison, whose address is given as R. D. 3, Linesville, Crawford county, Pa. The other two occupants of the truck were William D. Aldeman of 829 Liberty street, Franklin, Pa., and Archie Ward of 614 13th street, Franklin, Pa.

All the witnesses of the sad accident, many of whom are friends of the bereaved family, say that the accident was unavoidable, as the truck was not going at a fast rate and the driver did all he could to avoid the accident. If the child, when seeing his danger, had stopped or turned back he would have been saved, but he continued to run and was caught and crushed beneath the advancing truck.

A member of the state police was summoned from Butler at once and investigated the accident. After several hours the truck was righted and proceeded to its destination on its own power. The driver and other occupants will be summoned to a coroner's hearing.

Sons Of Veterans Adding Members

Three Generations Of One Family Now In Organization Believed Record

Membership campaign of Oscar L. Jackson Camp No. 249, Sons of Union Veterans of the Civil War, is going forward with a rush that indicates that the organization will enjoy a much larger membership in the next few weeks.

Featuring the campaign for members, is the fact that there has been established, in the activity for new members, a record, that it is believed will be outstanding as far as the records of any patriotic organization of this kind is concerned.

And that is, that there will be after the big initiation on next Friday evening, a family in this city, with eleven male members and of three generations, members in good standing of the Sons of Union Veterans.

The father of S. H. Gilbert, who resides at 614 Oak street, and is a widely known employe of the Shenango Pottery company, was a veteran of the Union forces in the Civil War. S. H. Gilbert on reaching the proper age felt this a distinct honor and showed this fact by joining the Sons of Union Veterans, many, many years ago. He has been a member ever since.

He not only felt obligated to do honor in this way himself, but he also felt that the others of his family should do so also. The result was that his five sons became members, when they reached the proper age.

Now the present campaign for members here is on and Mr. Gilbert decided that his grandsons should also be members and six of them will become affiliated with the organization at the big meeting next Friday evening.

Mr. Gilbert will have the privilege on this occasion of obligating and instructing these six grandsons in the ideals and principles of this patriotic organization.

The grandsons, who will become affiliated on this occasion are Paul, Herman, Raymond and Edgar Gilbert and Bert and Everett Rick.

Police Officer Shoots Supposed Mad Cat

It was a hurry-up call that Officer D. T. Nelson answered Friday afternoon to 818 West North street, where it was said that there was a mad cat which it was feared would succeed in attacking some person and endanger their life.

Arriving on the scene, Officer Nelson found that the cat was holding forth on an old corn shock on the property adjacent to the home. When any person came near it, it made attempts to attack the persons nearest, seemingly unable, however, to get very far away from the corn shock.

The officer succeeded in killing the cat with one shot from his revolver, then investigated. He found that the cat had become caught in a small steel trap evidently placed in the corn shock by some unknown person in an effort to trap small fur-bearing animals.

Unable to get loose, the cat through its suffering had become mad and would have endangered the life of any person whom it might have been successful in attacking.

Officer Nelson secured the trap as a trophy.

Legion Posts Plan County Organization

GROVE CITY, Pa., March 19.—The county committee of the Grove City Post of the American Legion met Wednesday evening with the several other committees representing the different posts of the American Legion in Mercer county

At this meeting of the general county committee rules and bylaws were drawn up for a new county organization to which all posts in the county will be members. The purpose of the new organization is to promote more co-operation between the different posts of the county and to bring them closer together in social activities. A charter for the organization is being issued by the state department of the American Legion.

The posts sending representatives to the meeting were from Sharon, Sharpsville, Greenville, Mercer and Grove City. The general committee elected the following officers: County Commander, Dr. W. P. Alexander of Sharpsville; vice commander H. J. Surrena of Grove City; secretary George D. Palmer of Sharpsville, and treasurer, H. M. Carruthers of Grove City. The committee from Grove City which served on the general committee are H. J. Surrena, W. G. Porter and H. M. Carruthers.

Falls 45 Feet From Coal Tipple Yet Has No Broken Bones

NEW BRIGHTON, Pa., March 19—Falling a distance of 45 feet from the top of a coal tipple at the coal yard of Harry Lonkert, New Brighton, and escaping instant death was the thrilling experience of Charles Wallace of Oak Hill, New Brighton, employed as a driver by Mr. Lonkert. Wallace was engaged at work on the tipple and was knocked from his high perch by the swaying of a coal bucket on the conveyor. Wallace hurtled to the bed of the coal wagon 45 feet below, alighted on his feet and bounded from the wagon to the ground. In spite of the terrible force of the fall, Wallace escaped without broken bones, but suffered many bruises and from shock.

Employ Many Girls At Johnson Bronze Plant

Many girls are being employed by the Johnson Bronze Company here, because they have a finer touch, especially in such work as the inspection work where micrometers measure down to a thousandth of an inch, says P. J. Flaherty, manager of the company.

The working conditions of the girls are made just as good as possible, said Mr. Flaherty. A matron, Mrs. Robinson, who is a nurse, looks after the girls and has her headquarters in a rest room for the girls where they gather at the noon hour to eat their lunches. The company gives all the girls a cup of coffee with their lunch.

Mr. Flaherty says they realize that in order to get the best results from their workers both men and women they must have individuals of good moral character and that they have never had any difficulties of this kind for as soon as any show uncommendable actions they are discharged. Thus the welfare of girl workers is cared for as much as in their homes.

The girls are given only the work that is light enough for them to do. The machines that are more difficult to manage are given to strong men. They are all paid by a system of pay schedules by which it is figured out the average amount of work that can be done in a day. They are paid for this 100 per cent basis and then what they do over that they are paid extra.

Mr. Flaherty says that they find that girl workers are easier handled by the foremen than the average man worker and thus they give very little trouble to the foreman.

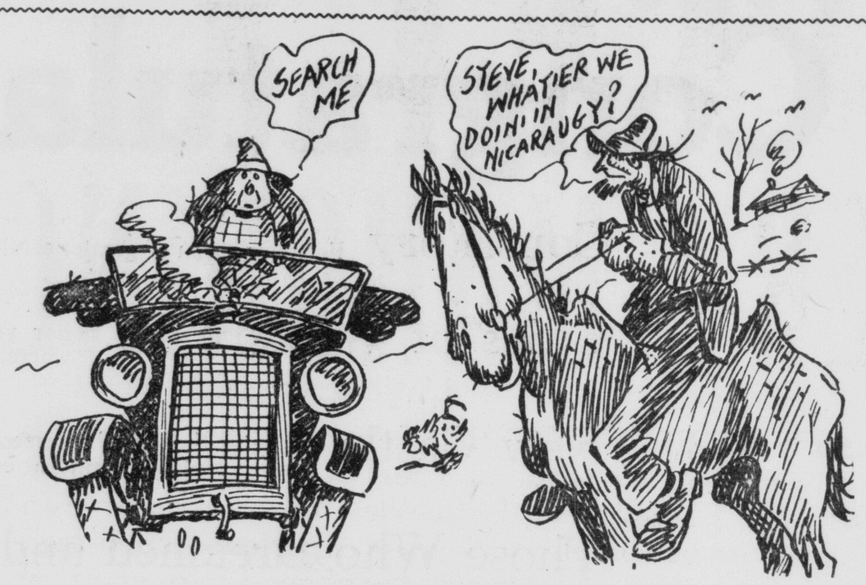
ABE MARTIN — *On Th' Political Situation*



PUZZLED O'ER OUR FOREIGN POLICY.

"In so fer as regards that's concerned ther hain't nothin' into it," said Lem Crosby independent cannydate fer sheriff, t'day, when told that it wuz rumored that powerful influences wuz backin' him. At a banquet last night given fer th' survivors o' Golden Vista, Floridy, Mr. Crosby formally launched his candidacy fer sheriff in a ringin' address, sayin' in part as follers: "We're livin' in th' blamedest age I ever heerd of. Not since De Soty steamed out of Puget Sound has ther been such a batch o' momentous questions confrontin' th' American people, an' with all our newspapers an' wonderful facilities fer transmittin' news, speeches an' correct solos we can't find out what it's all about in Nicaraugy, yit we kin even git a piccolo solo from Balboa. An' we're torn up an' divided on prohibition, an' we're experimentin' with the farmer. Ever'buddy's ben the farmer's friend ever since th' formation of our two great parties, an' now when th' farmer is wonderin' where his next inner tube is comin' from we're torn up o'er a farm relief bill that proposed t' release or dole out, only enough o' th' farmer's products t' keep th' prices way up, while th' surplus is t' be sold in competition with th' pauper farmers along th' Nile an' other overcrowded parts o' th' world. It wuz a fine program, an' if th' farmer had even got a new set o' tires out o' th' transaction I would have missed by guess. An' why don't we ever hear of any federal dry raids at Detroit, an' why do soft drink parlors stay open from 6 a. m. t' 12 p. m.? There's no money in soft drinks. Look at th' films an' plays goin' on. They don't teach no morals. They only try t' show how tough a woman kin git. If these plays an' films did have morals we'd git so polluted before th' moral showed up it wouldn'do us no good. Look what it costs t. be a United States senator. Anybuddy would rather have th' money than be a United States senator, an' agin' what are we doin' in Nicaraugy? Ther hain't a thing bein' done t' curb nothin'. You'd think high taxes would stop us but they only seem t' stimulate us. Ever' time taxes produce a surplus, budgets are revised to absorb th' surplus. It's as hard t' git a good man t' run fer mayor as it is t' git him on th' witness stand. Look at th' maudlin sentiment fer murderers. It's gittin' so they soak us harder fer passin' a stop sign than they do for murderin' a whole family. Sheriffs are even expected t' change th' water in th' flower vases in a murderer's cell. Nicaraugy is right at our very door and yit our marines might as wel be in Tibet in so fer as regards we're concerned. Ther's too much talk about th' French debt when our own government still owes th' Indians fer th' ground where Peru, Indianny, stands. When I'm sheriff I'll have certain days t' destroy liquor' an' I'll call in a committee o' devout drys, an' not a bunch o' pollbook pedlers t' see me destroy it. We didn't used t' have plain clothes detectives t' watch our high schools, an' where's all th' empty jails an' poorhouses. I've got a nephew in prison an' he has t' stand up."

Cyclone Toll In Arkansas Mounts To Twenty-Eight

Twister Late Friday Night Strikes Small Town; Sixteen Killed

TRAFFIC THROUGHOUT AREA IS STOPPED

(International News Service)

LITTLE ROCK, Ark., March 19.—The two-day cyclone toll in Kansas today stood at 28 dead and a score injured.

Following a cyclone at Benton, Ark., Thursday night which killed 12 persons, another twister struck Green Forest, near Eureka Springs, last night and 16 persons were crushed to death by falling houses, according to reports received here.

Telephone and telegraph wires were down to the stricken area and belief was expressed here that there may be more casualties.

The railroad depot, schoolhouse and a score of private residences were destroyed by the terrific storms, reports here said.

Nurses and doctors were rushed to the scene from Harrison, and the dead were housed in a church at Eureka Springs. Another church was taken over as a hospital for the injured.

A citizens committee is in charge at Benton, struck Thursday night, and relief was rapidly administered to those needing it.

Phoney Telephone Call Gives Chance For Office Robbery

While the night man of the Universal Sales company on Croton avenue about 2 o'clock this morning was answering a call for a wrecker in the Willow Grove district some unknown person effected an entrance into the place and stole $37 from the cosh register of the garage and sales room.

Officers Lynch and Logan made an investigation this morning and found that the night man received a call about 2 o'clock this morning to pull in a wrecked car, Pennsylvania license 80-640 supposed to be in the vicinity of Willow Grove.

The man made the trip, locking up the Universal Sales place of business. He searched the district thoroughly and was unable to find any car in trouble.

On his return he discovered that the place had been entered and the cash register robbed. Entrance had been gained by removing a window.

It is the opinion of the police that the man robbing the place is the same person who made the phoney call for assistance in getting in a wrecked car.

Boy Scout News

ROTARY TROOP 1

The Rotary troop 1 held its weekly meeting Thursday evening, March 17. A large attendance of scouts was present. Scoutmaster Kenneth Cotton and Assistant Scoutmaster Matheny were in charge of the meeting.

The regular formal opening ceremony was held. A business meeting followed. Scoutmaster Kenneth Cotton gave a short talk to the boys on scouting. Several games were played by the boys.

TROOP 15

The First Christian church troop 15 met Thursday evening in the church. Assistant Scoutmaster Ralph Montgomery was in charge of the large number of scouts present. Scout Levine was voted into the troop.

The Hon. S. Plummer Emery was present and spoke to the boys. He stressed the point that during his 10 years as judge he had never had a scout before him in juvenile court. The talk was very interesting and inspiring. Mr. Emery as president of the Lawrence county council is an interested friend of all the scouts.

A talk was also given by a student of the military school of North Carolina, which is called the "West Point of the South". The subject of this address was "Discipline", and was of interest and beneficial to the scouts.

The Pine Tree patrol, under the leadership of Patrol Leader George McCracken, has been doing its good turn for its sponsoring body, by way of painting in the church. Junior Brown passed first class first aid.

The next meeting of the troop will be held March 24 from 7:30 to 9 o'clock. There will be a meeting of the Pine Tree patrol some time this week, at the home of William Stump.

CHANGE IN MEETING PLACE OF SCOUTLEADERS COURSE

The meeting place of the scoutleaders' training course students has been changed from the Carnegie auditorium at 7 o'clock to the North street school beginning at 7:30. This change has been made for Monday evening, March 21.

Dr. C. C. Green will speak on Boyology. T. A. Gilkey will speak on map making, map reading and elementary surveying.

NEW BEDFORD TROOP 1

The regular weekly meeting of the New Bedford troop 1 was held at the New Bedford school March 17. Scoutmaster Ropp was in charge. Many boys were present. Mr. Edgar and Mr. Hoye were visitors of the troop.

The following tests were passed: Second class first aid by David Wortman and Ralph Gilliland, cooking by David Wortman and Ralph Boyd, signaling by Ralph Boyd, first class first aid by Floyd Harry, Donald Eppinger and Edward Harry, map by Floyd Harry, Don Eppinger, Frank Preu, Wylie Wallace, Ed Harry and handicraft by Wylie Wallace.

John Kegarise was admitted into the troop as a new scout and has been put in training under the direction of Edward Harry.

A marble championship is being played. The championship now stands between Charles Preu and Donald Eppinger. The contest is close as both are very good players.

The Eagle patrol with Melvin Moorehouse as leader is ahead with the point system. The Fox patrol with William Hoye as leader ranks a close second.

The next meeting of the troop will be held Thursday evening, March 24, with Scoutmaster Irwin Ropp in charge. Bird study will be the patrol instructions.

Erie Architect Granted License; Will Wed Today

(International News Service)

NEW YORK, Mar. 19. — After having been refused a marriage license the first time he made application because there was some question as to the validity of his Florida divorce, C. Paxton Cody, 70, architect of Erie, Pa., today had in his possession the necessary papers to wed Mrs. Frances L. Davidson, also of Erie.

They plan to be married sometime today and set sail immediately for Bermuda, where they will spend their honeymoon.

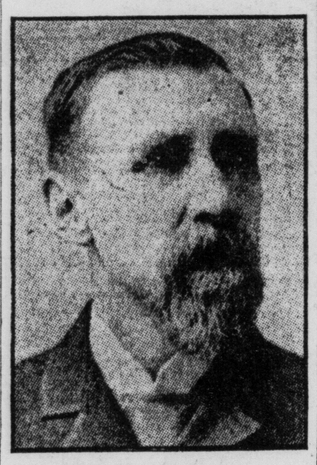
Aged Resident Passes Away

Abraham Rhodes Dies Of Pneumonia At Home In Seventh Ward

LIFELONG RESIDENT; HIGHLY RESPECTED



ABRAHAM RHODES.

Abraham Rhodes aged 88 years, one of the most highly esteemed residents of the Seventh ward and veteran of the Civil war died at his residence, 207 Newell avenue, Friday evening, March 18 at 8 o'clock following a brief illness.

Mr. Rhodes' death was the result of pneumonia which he contracted a few days ago.

He was born October 28, 1838 and had lived his entire life in this city where he worked at the carpenter trade. He was an honored member of the Mahoning Presbyterian church and he had served as an elder for 40 years.

During the Civil war he enlisted with Captain Cooper's famous Battery B, Pennsylvania Light Artillery and served throughout the war. He was the last survivor of Battery B. in the Seventh ward.

Mr. Rhodes had always taken an active interest in religious and civic affairs. He was a good neighbor and friend and his death will be much regretted by his many friends and surviving comrades.

Besides his wife, Samantha Elder Rhodes to whom he was married 58 years ago he leaves one daughter, Mrs. Frank W. Wallace of this city, and two sons A. Elder Rhodes of Youngstown, O., and John A. Rhodes at home.

Mr. and Mrs. Rhodes celebrated their golden wedding anniversary eight years ago.

Funeral services will be conducted Monday March 21 at 3 p. m. from the family home on Newell avenue. Rev. D. C. Schnebly of the Mahoning Presbyterian church will be in charge.

Bessemer Police Chase After Auto

Police received a call from Archie Shoup chief of police at Bessemer last night asking if a Ford roadster had been stolen from this city. He stated that he and other officers had chased a car bearing an Ohio license until the machine had been stuck in the mud and they were unable to continue the chase.

The roadster was ditched about two miles beyond Bessemer. The thieves stole the engine, radiator tires and everything movable even the license plates.

The police are of the opinion that this car might be the car of P. L. Kerr of 1908 Highland avenue reported stolen the previous night from Water street.

Clay And Coal Lands Purchased

(International News Service)

CONNELLSVILLE, Pa., March 19.—The Pennsylvania Gas & Refractories Company, composed principally of Philadelphia men, has acquired a large acreage of land in the vicinity of Layton, Pa., underlaid with clay and coal, it was learned here today. A brick plant will be erected on the property, it is understood. Operations will start during the summer.

Community Honors Westminster Team At Banquet Event

(Special To The News)

NEW WILMINGTON, Pa., Mar. 19.—Wonderful record of the Westminster college basketball five during the season just closed was the cause of the banquet held last night at Hotel Neshannock as a community effort and at which the members of the basketball squad and John Lawther, the coach, were the guests of honor.

Covers were laid for 100 guests and Rev. Edward McClintock was the toastmaster of the occasion.

The speakers were Dr. W. Charles Wallace, president, who spoke in behalf of the college, Fillmore Campbell, who spoke for the community, Captain Hugh Gamble, who spoke in behalf of the team and Clinton B. White in behalf of the "gang."

Unbounded enthusiasm marked the occasion as being of more than usual interest and the speakers spoke of the team and what it had accomplished for the school, in the most glowing terms.

John Lawther, coach of the team, also spoke, and he in turn was accorded for what he had accomplished for the team and college, in getting it into the running and a contender for the college honors in this district. As a token of esteem, he was presented with a fine traveling bag, as the gift of the community.

It was also officially announced at the event, that Tudor Lewis of Farrell, star guard on the team, had been elected to the captaincy of the team during the coming season.

Unidentified Man Is Found Slain Near Cincinnati

(International News Service)

CINCINNATI, Ohio, Mar. 19.—The body of an unidentified man, riddled with bullets, was found on a road near Eading, Ohio, a Cincinnati suburb, today.

A bank book found in the dead man's clothes bore the name of "H. Fitch."

Authorities at first believed that the man had been slain by a machine gun, but would not make an authoritative statement until the county coroner had viewed the body.

Returns Part Of Fisher Inaugural Expenditure Sum

(International News Service)

HARRISBURG, Pa., Mar. 19. — Senator William H. Earnest, chairman of the Fisher Inaugural Committee today returned to State Treasurer Samuel S. Lewis an unexpended balance of $4,430.62 remaining from the appropriation of $30,000 for the Fisher inaugural ceremony. The joint resolution authorizing expenditure of the money was signed by former Governor Gifford Pinchot.

Earnest also filed the auditor general a detailed accounting of the expenditures.

Indoor Circus Being Planned

New Castle and Robert Blum Knights of Pythias lodges are jointly sponsoring a big indoor circus, which is to be staged April 7-18 in the Hogue Dancing Academy on Neshannock avenue, formerly known as The Gardens. Twelve acts are being provided for the occasion. There will also be a young ladies contest and a perfect baby contest. The two lodges are planning to make this event one of the biggest of the kind ever presented here.

Chinese Armies Strive To Gain City Of Nanking

(International News Service)

PEKING, March 19.—The battle between the northern and southern Chinese forces for control of Nanking, ancient capital city of China, continued today almost at the southeastern gates of the city. The southerners are trying desperately to cut the Nanking-Shanghai railway and so isolate the northerners from their base, while the northerners are attempting to extend their drive into Honan province.

Beethoven Week Will Be Celebrated Here; Program Is Given

Beethoven week starts tomorrow. Not only will his music be heard throughout the land, but America has decided to make this centennial a note of civic progress. Hence, the schools, colleges, civic organizations, theaters and churches will play their part in honoring Beethoven. Essays will be read, addresses will be delivered, sermons will be spoken, orchestras, soloists, singing societies—all will participate; the phonograph and radio will multiply the melodies of Beethoven so that this will be truly a people's celebration.

The one fact that makes the life of Beethoven intelligible, despite conflicting documentation, is his own indifference to the details of his life. Indeed, from Beethoven's untranslated conversation books (deaf, he frequently conversed in writing) he once said to Karl Holz, who had been authorized to write a biography:

"Tell them only those things which will help to a deeper understanding of my music."

"But your life? All that has happened to you? Your eventful life?"

"You will find the answer to the riddle in my music."

Ludwig Von Beethoven was born December 10, 1770, in Bonn, Germany. He was interested in the world in what he could give it. Above all, Beethoven treasured in himself and generally in others, the quality of originality. He died in 1827.

Americans today seek to discover Beethoven the man through his music. To this end "Beethoven Week", March 20-26, in commemoration of the death of the master of musical composers 100 years ago, is being nationally celebrated in schools, in churches and in homes.

Mrs. Robert E. Fleming has been chosen as chairman of the Beethoven committee in New Castle and has been in touch with the various organists, teachers, churches and schools with the result of splendid programs here.

On Sunday at the First Baptist church, Garth Edmundson will play "Movements from Sonatas" by Beethoven and the congregation will sing hymns by Beethoven. At the Second U. P. church Harry Hammond will play the "Adagio from the Moonlight Sonata'; the "Andante from trio No. 7 and three favorite themes, including a portion of the "Second Symphony". At the Central Presbyterian church Mrs. J. Johnston Fisher will play the "Adagio from the Moonlight Sonata" and "Largo from the Apassionate Sonata". Mrs. Harvey Brenner, at the First United Presbyterian church, will play "Minuet in G". Paul Browne Patterson at the Trinity Episcopal church, will play "Andante" from the Kreutzer Sonata and March Op. 26 at the morning service and "Andante in F" and "Sonata" (composed by Beethoven at the age of nine) in the evening service. Mrs. Jay Reed, at the Highland Presbyterian church, will play Prelude "Adagio from Sonata for violin and piano"; offertory, "Andante Con Moto" from the fifth symphony, and postlude, Finale from Sonata Op 10, No. 1.

The musical program at the First Presbyterian church, under the direction of Mrs. Paul Browne Patterson, is composed entirely of Beethoven numbers.

Prelude, Adagio Sostenuto for organ and piano, Mrs. Patterson and Miss Ruth Blocher at piano; hymn, "Joyful, Joyful, We Adore Thee"; anthem, "The Heavens Are Declaring"; Miss Mary Clarke and quartet; offertory, "Minuet in G" (trio), violin, Mrs. Fred S. Emery; 'cello, John Paton; organ, Mrs. Patterson; anthem, "Make a Joyful Noise Unto God", arranged from ninth symphony, Arthur Thomas and quartet; hymn, How Shall I Follow Him? Postlude, "Presto Agitato", arranged for piano and organ.

The evening service will also be entirely Beethoven numbers and follows: prelude, Andante Maestoso for piano and organ, Mrs. Patterson and Miss Helen Ewing at piano; hymns, "Savior When Night Involves the Skies", "Holy Spirit, Truth Divine"; anthem, "Lord When My Raptured Thought", quartet; offertory, "Andante Con Variazioni", organ and piano; duet, "Just As I Am", Miss Mary Clarke, Mrs. James Rugh; postlude, "Allegro", Sonata Op. 26, arr. for piano and organ.

Last evening in the Ben Franklin Junior High school the Russian Symphonic Choir sang a Beethoven number in commemoration.

Special reports and instructional activity on the life of Beethoven will be given at the Senior High under the direction of LaVerne Irvine and Miss Isabel Zehner during the classes next week.

The orchestra at the Penn theater, under the direction of Julius Sypher, will play "Minuet in G" and the Capital theater orchestra under the direction of Victor Huff will play "Minuet in E Flat" at each performance.

Miss Helen Ewing will perform the Sonata Op. 31, No. 2, at the regular meeting of the Music Club Monday evening in the Scottish Rite Cathedral. In conjunction with the regular program and through the courtesy of Mather Bros., the club will have the pleasure of hearing the Symphony No. 5 in C. Minor, Op. 67, recorded in Europe by the Royal Albert Hall orchestra, conducted by Sir London Ronald on the new Orthophonic Victrola.

On Thursday the Patterson School of Music will have a recital of Beethoven compositions. Mrs. E. O. Fankhouser, Miss Jessie Mockle, Mrs. D. Duff Scott, Garth Edmundson and Professor Andrew Setter will have special classes during the week.

"Beethoven Hour" will be on the radio on a nation-wide aerial link from the 22 stations of the National Broadcasting Company at nine p. m. March 19 and March 26. Tune in and revive your interests in this great composer's work.

Council Sabbath To Be Celebrated

Council Sabbath will be celebrated, under the auspices of New Castle Section National Council of Jewish Women, at the Beth Shalom center, Sunday evening, March 20, at 8 o'clock.

Rabbi Max C. Currick of Erie, Pa., will be the speaker, and special musical numbers will be rendered.

Lawrence County Woman's Poem Is Used In Weekly

In a recent issue of the Baker's Weekly, the following poem, written by Emilie Schumaker, of Gardner, Lawrence County, was published.

"GIVE US THIS DAY OUR DAILY BREAD."

"Give us this day our daily bread,"
How often has this prayer been said,
In careless haste or lightest vein,
Without one thought of growing grain,
Which must be garnered for the mill,
Oft borne afar thru vale and hill.
How many hands must lend their aid,
Before a loaf of bread is made.

"Give us this day our daily bread."
By God's own hand the world is fed,
If once should fail the sun and rain,
Then all man's labor were in vain
But nature gives us sun and shower,
So we can turn our grain to flour.
What nobler task is there for man,
Than working out our Father's plan.

"Give us this day our daily bread."
Each day by thousands is this said,
Our task is now to help to bring,
The thanks of men to God our king.
And ev'ry day and ev'ry hour,
Do better work with meal and flour,
A hungry world waits to be fed,
We will supply the daily bread.

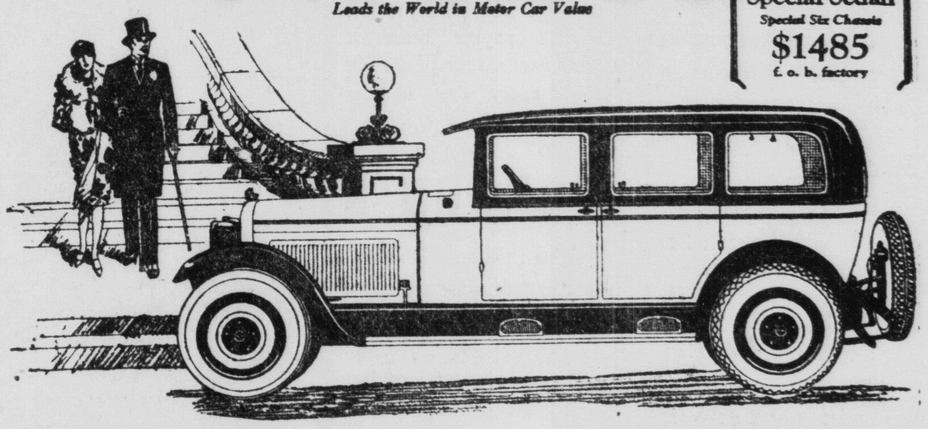
NASH
Leads the World in Motor Car Value
NEW Special Sedan
Special Six Chassis
$1485
f. o. b. factory



The Nation's New Vogue in Body Design
Styled by Nash

It is emphatically apparent today that Nash has created a new era in American enclosed body artistry with this arrestingly distinctive body design.

With its new symmetry of line, its classically beautiful French-type rear contour and French roof design, and its rich ensemble of costly car features, the new *Special* Sedan pictured above possesses magnetic appeal for those most keenly perceptive of motor car style and quality.

The steering wheel is of real walnut in fitting harmony with the handsome walnut finish of the inside window mouldings, door panels, the instrument board and the crowned panel which is above the instrument board. The gray toned upholstery is genuine Chase Velmo Mohair Velvet, deeply tufted.

And Nash powers it with a 7-bearing motor—*the world's smoothest type.*

So that in transcendent power-*evenness* and *quietness*, in lightning-fast "pick-up," and in easeful roadability on the straightaway or climbing, together with a world of speed, it stands out as the most notable car of its field.

As standard equipment there are Gabriel Snubbers at front; 4-wheel brakes, of special Nash design, with the front wheel brakes completely enclosed for safety's sake; and 5 disc wheels.

A larger Special Sedan on the Advanced Six Chassis, reflecting the same unsurpassed quality throughout, is offered at $1695 f. o. b. factory.

Mile Of Track Is Ripped Up

(International News Service)

PITTSFIELD, Mass., Mar. 19.—A mile of rails was ripped up and traffic in both directions, including fast trains to and from the West, was held up for hours today by one of the worst freight wrecks in years on the main line of the Boston and Albany Railroad.

Fifteen cars left the tracks at Tillotson station, three miles west of Pittsfield, in the Berkshire Hills, when a truck of a freight car of the Central Railroad of New Jersey gave way.

Several cars loaded with cement and general merchandise and five gasoline tank cars were overturned. One box car poised and stopped on a twenty-foot embankment. Nobody was injured.

Credit the Best Aid to Success

If you pay your bills promptly from month to month, this message is meant for you—only to the extent that you have earned the warmest commendation from hundreds of business men in this community.

But if you have met with reverses and have been slow to pay—don't let another day go by without calling on your creditors with a word of explanation.

You'll find them ready and willing to listen and to meet you more than half way.

If your record shows you are "prompt pay" you will find it much easier to succeed.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

ANYTHING BUT LONELY

What had Petares said that was funny? Petares didn't know and the lean dog didn't know, but quite evidently the river horse did!

Old Hippo opened his great cavern of a mouth and snorted with laughter. And he laughed so long and he laughed so loud that big tears ran out of his eyes and down his fat, leathery cheeks and dropped ker-splash into the water.

"You two have come to see me because you thought I was lonely, hey? Wshoosh, ho! You couldn't have been more mistaken. Company is the one thing in all the world I have plenty of and to spare!"

Suddenly Old Hippo waded toward Petares and the lean hound, until if he had wished to he could have rubbed noses with the boy upon the bank.

"Say, how would you like to have to take a bath in a pool all muddied by your brother's feet who had bathed there before you? And wouldn't it make you mad to spy a root of sweet rush, and before you could get to it have it snatched from right under your watering mouth by your youngest sister?" Old Hippo shook his head.

"Uncles, aunts, sisters, cousins—why, I have them by the dozens!"

"Where are they?" barked the lean hound, not to be left out of the conversation. And Old Hippo, hearing, glared at him.

"In the river, all along the river!" grunted he, and again turned to Petares. "And you thought I was lonely! Ho, ho, ho, it makes me snicker. Why, sometimes I think I'd give half of my night's feast to find an empty pool and have an hour in it all to myself. Not that I do not think as much of my family as any river horse, but it is possible for a fellow to see too much of them, you know!"

"You must have had your wish this afternoon!" declared Peter, who really had not heard Old Hippo's last words.

"What do you mean—had my wish!" demanded Hippo crossly.

"Why, you're all by yourself now and have been ever since we first saw you!" Petares was quite certain about it. Old Hippo snorted—not with laughter this time.

"Oh, is that so!" growled he. "Use your eyes, boy. Look about you! Do you not see that black ridge poking up from the other side of the pool, and another over yonder? And who, think you, is making that noise among the rushes?"

NEW CASTLE HIGH TO PLAY CORAOPOLIS MONDAY

Game To Decide Schoolboy Title

Coraopolis Wins Right To Play In Finals By Defeating Edgewood, 18-9

New Castle High To Hold Final Practice Session Tonight

By "BUGS" WALTHER

New Castle High will play Coraopolis in the W. P. I. A. L. championship game at the Pitt stadium on Monday night, March 21. Coraopolis earned the right to meet New Castle's "steam roller" outfit in the finals by defeating Edgewood High on Friday night by a score of 18 to 9.

Both New Castle and Coraopolis have earned the right to play for the schoolboy title by defeating strong teams in the lower brackets of the tourney.

Teams Evenly Matched

As far as the dope is concerned today, the teams to battle in the championship game Monday night look to be evenly matched. The wise boys have made so many, many poor guesses this year that they have decided to remain silent on the outcome of the final battle. A good idea, at that.

Coraopolis High will have one distinct advantage over New Castle, and that is in height. The "Cory" team is one of the biggest in the tourney and has defeated Braddock and Edgewood, mainly due to the fact that they have had the advantage in height. Anderson, at center, towers something over six feet, and will prove a tower of strength to the "Cory" team in their game with New Castle.

Light Workout Today

The New Castle team will conclude their training for the championship game tonight. Coach Bridenbaugh plans to give the locals a light workout tonight and then send the boys home to rest until Monday night. The team is in fine condition and raring to go in the finals. Paul Reider reported with a slight cold on Friday, but it is not expected to eliminate him in the final game Monday. Ostrosky complained of a strained muscle in his side, but "Tony" will be in shape for the big game Monday night.

Expect Record Crowd

Indications today point to at least 500 or 1,000 New Castle fans following the boys to Pittsburgh for their championship basketball game Monday night. Never before in the history of New Castle High has such a keen interest been shown in basketball and the boys will be well supported in their game with Coraopolis. The special train over the Pennsylvania Lines will leave New Castle at six o'clock and will return from Pittsburgh at 10 o'clock.

The New Castle High uniformed band of 62 pieces will be one of the principal features of the game. The band will be under the direction of LaVerne Irvine. The band will occupy one entire coach on the special train. Two coaches on the special have been reserved for the high school students, and one coach has been reserved for the Independent Athletic Association of this city. It is likely that the special will have about 10 coaches to accommodate the throng of fans.

Model Bakers To Have Meeting

The Model Bakers will hold an important baseball meeting on Sunday afternoon at 1 o'clock at the company store at the corner of Scioto street and Long avenue.

The purpose of the meeting is to outline plans for the coming season. All last year's players are asked to report at the meeting and all others who care to try out for places this year.

The meeting was called by G. A. Mehalic acting manager of the team.

Peerless Five To Play Gerson Team

Gerson Imperials and Peerless five will clash in a preliminary game to the main attraction at the Y tonight.

Peerless claims the Junior championship and the Gersons lost in the finals of the Church League.

Sharon High To Play Brookville In Title Battle

Winner Of Game Tonight Will Go To State College For Title Games

(International News Service)

GROVE CITY, Pa., March 19.—Sharon high and Brookville high will engage in basketball combat here tonight to determine the team which will represent the Northwestern Pennsylvania Interscholastic Athletic League in the high school championship elimination to be staged at State College, Pa.

Opening the N. W. P. I. A. L.; eliminations here last night, Sharon, high school champion of Mercer county, came through with an expected victory. The game was closer than the 22-15 score indicated. Fighting for the lead in the first half, Sharon managed to eke out a three point lead, the score at this juncture being 13-10. Then, little by little Sharon increased her lead, closing the last quarter with a flock of points.

In the second game last night, Brookville won its right to the finals by pulling out an unexpected victory over Erie East, by the score of 29-13. Erie East, last year's N. W. P. I. A. L. champ, was favored to repeat this year. The first half was fought tooth and nail, ending in Erie's favor, 8-6. However, in the second half, Brookville showed a dazzling brand of shooting and passing and swept Erie off the court.

Peerless Boys Defeat Aces In Fast Game 33-30

The Peerless Five of the Independent Athletic association defeated the New Wilmington Aces 33 to 30 in an extra five minute period game played on the New Wilmington floor on Thursday night. The game was fast and hard fought in all quarters.

The Aces went into an early lead and at the end of the first quarter were ahead 9 to 4. The Peerless team perked up somewhat in the second, third and fourth quarters and ran wild against the Aces. With one minute to play and the score 27 to 25 against them Benny Marino dribbled down the floor and caged the basket that deadlocked the count at 27-27 as the regulation time was over.

In the extra five minute period Benny Marino, C. Marino and Tomasella caged the field goals that brought victory to the Peerless team. By defeating the Aces the Peerless team enhanced their chances for the junior championship of the county. The Peerless team has won 13 straight games and have not as yet been defeated.

C. Marino of the Peerless team with nine field goals was the individual star, while B. Marino and Fernati also played a strong game. For the aces the work of Eagleson, Hutchinson and Lewis featured.

The lineup and summary:

Peerless Five		Aces	
B. Marino	F.	Eagleson	
C. Marino	F.	Penberthy	
Tomasella	C.	Hutchinson	
Mash	G.	Lewis	
Fernati	G.	Worrall	

Subs: Brown, Hutchinson.

Field goals: C. Marino 9, B. Marino 3, Fernati 2, Tomasella, Eagleson 3, Hutchinson 4, Lewis 3, Brown.

Fouls: Peerless 3 out of 5, Aces 8 out of 15.

Ban's Still In Saddle?

By NORMAN E. BROWN

The fact that the assignment of the umpires for the opening games of the American League have been made over Ban Johnson's signature as "president of the American league" is accepted as a significant gesture by baseball men generally, whether or not it means anything or is a matter of form.

Johnson, even his foes must admit, did more to raise umpiring to a dignified position and enforce respect for the arbiters and their acts than any other man in baseball. He has made the umpires a force with absolute authority—never crossed.

The confidence which the umpires soon learned to repose in Johnson has helped them eliminate many of the unpleasant features of the game.

Whether or not Johnson deliberately retained the powers technically still vested in his office to announce the selections or whether the league gladly accepted his help is unknown.

Suffice it to say that the American League umpires still look to Johnson as the real power in baseball.

Lester Morek To Lead Hoodoo Team

Hoodoo Club, formerly the Tiger Cubs baseball team elected officers yesterday for the coming season, naming Joe Herno, captain; "Chuck" Flynn, business manager; Lester Morek, manager, and Herman Ziegler, treasurer. Those present were McKay, Hambrick, Drake, Mouk, Ziegler, Liversage, Flynn and Porada.

TWO CROWNS WANTED — BY FEG MURRAY

Copyright, 1927, by Metropolitan Newspaper Service

"Two souls with but a single thought, two hearts that beat as one." That familiar line fits the cases of Glenna Collett and Helen Wills very well indeed. In 1926 both of these young queens lost their crowns and they want them back—oh, how they want them back! Glenna, national women's golf champion, was beaten in the third round at Merion last October by little Miss Virginia Wilson. Helen, national women's tennis champion, was unable to play in defense of her title at Forest Hills last August, because she had not sufficiently recovered from the appendicitis operation she underwent in France during the early summer. Two married ladies copped their titles—Mrs. G. Henry Stetson won the golf tournament, and Mrs. F. B. Mallory (the famous Molla) the tennis tournament.

Glenna and Helen have much in common besides the fact that they are both on the war-path to regain their lost laurels. Each wants to make her "come-back" complete, and so the greatest girl golfer of America will try to win the English women's championship, and is planning to sail next month for that purpose, and the greatest girl tennis player of America wants to win the Wimbledon tournament. Both young ladies were frustrated in their invasions of England last year, Glenna by the industrial strike and Helen by the aforementioned appendix.

I was surprised to find out that these two famous athletes had never met. In all their wanderings for sport's sake, the paths of Miss Collett, of Providence, R. I., and Miss Wills, of Berkeley, Cal., have not yet crossed. I looked them both up in New York not so long ago and found out the following things about them: Glenna has tried tennis, but doesn't like to play it, and Helen has tried golf, but can't see it a-tall! Helen was taught to swim by her father to make her strong and healthy, but doesn't like it. Glenna loves to swim, but gets quite tired doing it. Neither one will ever try to swim the English Channel. Both love the game they are famous for most of all, of course, but Helen is deeply interested in her study of art and wants to be an illustrator, while Glenna is busy promoting the new Westchester Women's Golf and Tennis Club.

Glenna will be 25 in June, Helen 22 in October. Both are about the same size and build, and neither one has bobbed hair. No flappers, these two, yet full of pep, with keen senses of humor, and a natural love for sports and dancing. I asked each one if she was very nervous before an important match, and Helen said "no," but that she was "more excited the night after a big match than the night before," and she likes the excitement of tournament play. Glenna, on the other hand, is quite nervous just before the match starts, but this all wears off after the first hole is played.

Feg Murray Says—

Gardner Makes Plea For Fans To Purchase Tickets At Early Date

In the final elimination game last year for the W. P. I. A. L. basketball championship, held in the Pitt Stadium gymnasium, about 1500 people were unable to secure tickets, the crowd being entirely too large for the seating capacity of the Pitt court, whose capacity is only about 3100 or 3200 despite newspaper claims of 5,000 seats.

New Castle has secured 1000 tickets for this game and it is important that, you secure your tickets at once and particularly in New Castle before going to Pittsburgh to be sure of getting a seat.

Also the price is but 50 cents if purchased here and 75 cents if purchased at the Pitt court Monday evening.

We are very anxious to have a large representation from our home town, and we feel that our boys are deserving of your support in this their most important game. Likewise, we are most anxious to have seats for all New Castle people who wish to attend the game, and if necessary will try to secure additional tickets if there are more than 1000 attend the game.

Scottdale in their two games in the elimination series had at least 1000 people at each game. New Castle had 470 at their first game and between 500 and 600 at their second game.

Will you please co-operate with us in securing your admission tickets and in making your train reservations at the earliest possible moment, so that we can provide you with adaquate train facilities, street car transportation from the train to the Stadium and seats for the game.

R. H. GARDNER.

SPORTS DONE BROWN

By NORMAN E. BROWN

IN BASEBALL LAND, Mar. 19.—I have a feeling that Miller Huggins once more finds himself managing a troop of ball players who have a tendency to play the roles of prima donnas.

That they did not permit their temperaments to run loose last season may be explained away by the fact that they weren't "in voice" last spring. Prima donnas may warble in the woods, but they are at their best with the front seats at $10 per. Last year the Yankees were a seventh place club and destined to finish there again. And figgety contraltos are laughed off the stage when they cut up with a seventh place company.

But last year, as it turned out the Yankees rode the high road to fame. Babe Ruth, angling for a bigger and better contract, led in the singing. Earl Combs, making his first real bid for fame as an outfielder, helped. Urban Shocker, a fizzle the year before, did his bit—spurred by the criticism of the knockers. Old reliable Herb Pennock did his best.

But the first morning I looked over the Yankees in St. Petersburg, the other day, Combs was just starting for camp, after discussing salary terms for several weeks. Herb Pennock hadn't been heard from as far as Huggins was concerned. Shocker had just announced that he was going to take his dolls and go home, after the thirty-third conference with Col. Ruppert failed to bring a salary that pleased him. And Babe Ruth was bask ing in the sunlight of a $70,000 a year contract.

And on the field, the pep that seemed evervescing last season, was missing. It may have been the heat or my own ennui that day, but the general spirit seemed much different than it was the previous spring.

And Huggins, who a year ago announced that the temperament stuff was mostly blah-h-h, wasn't quite so sure about it.

CLEARWATER, Fla.—Trimmed by Baltimore 4 to 1, the Brooklyn Robins will seek revenge against the St. Louis Browns here today.

Ukeleles are being made with one string now. It appears several steps have been taken in the right direction and it is hoped the movement will not stop here.—Flint Daily Journal.

Overlands To Meet Keystone Drillers In Important Game

The Rick-Overlands, City League champions, will defend their laurels tonight in the first game of a three-game series with the Keystone Drillers of the Beaver valley. The series will determine the championship of Beaver and Lawrence counties. The preliminary game tonight starts at eight o'clock.

The Overlands, after a hectic season, captured the championship of the City Industrial League and the Keystones, with a similar exhibition, carried off the honors in the Beaver valley.

Tonight's game will be the final one of the year on the local court.

The Keystones are composed of former high school and college stars and they are reputed to be one of the best teams in the valley circles.

Coach Fraser has again taken charge of the Overlands and after several stiff practice games is convinced that his team is in fine fettle for the struggle that awaits them tonight. The Overlands are anxious to add another title to their belt.

The second game of the series will be played at Beaver Falls on Monday night, March 21, and the third game, if necessary, will also be played on the valley court.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Billy Wallace and Sid Terris staged a great 10-round fight in New York last night, Terris getting an unpopular decision at the end of the fight. Wallace put him down twice in the first and again in the third. Terris came back and in the last two rounds Wallace blew. Terris and Wallace will probably be rematched.

Edvin Wide wants to race Lloyd Hahn again. Edvin lost to Hahn in a one-mile event by a distance of 12 feet Thursday night at New York. He has agreed to accept the match but his handlers will not permit him to race. Wide's defeat was a shock to himself and the Swedish fans.

Kid Cangie, local lightweight, will box a chap named Lewis Monday night at Buffalo, according to reports from the Jimmie Dime gymnasium. If Cangie wins he will be given another bout in Buffalo.

Mrs. Dorothy Campbell Hurd of Philadelphia won the southeastern golf championship for women when she broke the course record at Augusta, defeating Mrs. Ralton Reymond by shooting a 78. Mrs. Reymond shot a 79, tying the record set two years ago.

Training Camps

(International News Service)

SAN FRANCISCO, March 19.—The Pirates face their first exhibition games of the season here against the Seals and the Missions of the Pacific Coast League. The Pittsburghers broke camp yesterday, Pitcher Guy Morrison being added to the list of cripples in the final workout at Paso Robles.

FORT MYERS, Fla.—The Athletics journey to Bradenton to meet their hometown National League rivals, the Phillies, this afternoon. The Giants will be taken on tomorrow at St. Augustine. Minus the services of Ty Cobb, the A's lost to the Braves 3 to 1 yesterday. Cobb has refused to play in games umpired by Frank Wilson, who banished him Thursday and then forfeited the game to the Braves.

BRADENTON, Fla.—The Phils resume their feud with the A's this afternoon for the championship of Philadelphia. Two home runs in the ninth inning gave the Phillies an 8 to 7 win over the world champion St. Louis Cardinals yesterday. Young Fresco Thompson, the new second baseman and outfielder, Al Nixon, were the home-run stars.

NEW ORLEANS, La.—As a result of yesterday's rest Manager Bill Carrigan's Red Sox were in fine shape for today's game with the New Orleans Pelicans, the Southern League champions.

ST. PETERSBURG, Fla.—Having routed the Athletics twice in as many days, the Boston Braves meet the Yankees here this afternoon. Babe Ruth and Bob Meusel were expected to play.

FOR WORTH, Texas—The White Sox were in fine spirits today following their impressive showing against Jake Atz' Texas Leaguers here yesterday. Schalk's boys trounced the Cats, 6 to 1. Home runs by Hunnefield and Barrett featured. Barnabe and Thomas did the Sox hurling.

LOS ANGELES—Joe McCarthy's Cubs were out to make it two in a row today over Los Angeles. The Bruins trimmed the Angels yesterday, in the first game of their exhibition series, 8 to 6. Brillheart and Roy pitched for the Cubs.

TAMPA, Fla.—Pitcher Hugh McQuillan, who suffered a broken bone when Bottomley of the Cardinals hit him on the left ankle with a line drive on St. Patrick's day, will be lost to the Giants for six weeks. In yesterday's game, which the Giants lost to the Senators 3 to 2, Rube Marquard essayed a comeback with the Giants and pitched fairly well.

ST. PETERSBURG, Fla. — Colonel Jake took the offensive today in the Ruppert-Pennock financial war with the declaration that the Yankees' star southpaw would be "cast adrift" if he does not come to terms by the middle of next week.

Philadelphia Nationals Only Mediocre Team Is Training Camp Outlook

(EDITOR'S NOTE:—This is the seventh of a series of stories by Davis J. Walsh on major league ball clubs in training. Other stories will follow.)

BY DAVIS J. WALSH
Sports Editor International News Service

BRADENTON, Fla., Mar. 19.—John P. (Stuffy) McInnes had nothing when he started with the Philadelphia Nationals, whereupon William F. Baker, in a spirit of helpfulness, traded Butch Henline and the Phillies had nothing or the equivalent. In brief the Phillies had taken something away from nothing which is a good trick whether one is able to do it or not.

The Phillies were terrible. No two ways about that. They are worse now. They traded away whatever they had and now they have nothing. It was an even break, provided you think the box office is important.

All that the writer saw in the way of first class ball players in the camp of the Phillies today was the possibility that Hal Carlson, right hand pitcher, would appear; that Fred Leach would play center field and that John Mokan and Al Nixon would fill in the remaining positions in the outfield. The Phillies, in other words, have a major league outfit and a class A ball club in the remaining positions.

Outfield Is Good

In other words John P. (Stuffy) McInnes has absorbed a mouthful that is more than the average man can masticate. John P. has bitten off an indigestible mouthful. In brief the Phillies were terrible; they are worse now. The infield, for no reason at all, is composed of Russell Wrightstone, more power to his bones; Thompson at second base, Sand at shortstop and Friberg at third base.

The outfield, which is good by some unavoidable error probably will be composed of Nixon, Mokan and Leach with the desperate Fred Williams and Dennis Sothern in Reserve. That is all the outfielders the Phillies have but other clubs have asked for less and gotten more.

The catching staff is good as far as it goes but it doesn't go that far. Jimmy Wilson, last year's varsity man, is good but he doesn't carry it to extreme. His substitutes are Clarence Jonnard up from Nashville, and Harry O'Donnell from Philadelphia.

The infield, so far is supposed to be McInnes, Thompson, Sand and Friberg but unfortunately golf is a confining pass time and John hasn't had much time. When he has had time to get around to it, he has elected Wrightstone as the first baseman and himself as the manager. This has been ideal, as McInnes has proved to be an ideal manager if he had something to manage and Wrightstone has proved to be an ideal first baseman if he could play first base.

The Phillies in other words are silly. Why waste time with them? McInnes isn't. He is having an excellent time playing golf and the Phils are having a swell time playing pinochle.

However, business is business and it is worthy of moment that Dick Attreau of Norfolk is doing the best he can as a substitute first baseman. Others who feel the same way about it are H. C. Baldwin of Seattle, Leland Dunham of Atlanta, Illinois, and Bob Rice of Philadelphia, who has been up before without anybody worrying either one way or the other.

Somebody Muffed

In effect, the situation would be well in hand only somebody muffed. The Phillies have nothing, but at that, no one ever said they had. The whole trouble is that somebody offered William F. Baker a thousand or two for two-thirds of a ball player and Bill saw the money first and heard of the player afterward. Will really is a great fellow but the only trouble is that he keeps it so well concealed.

His pitchers, mostly culled from the 1926 flock, are well aware of this fact. The staff, or what has he, are composed of Hal Carlson, a good man; Alex Ferguson and Wayland Dean, fair men; Edward Brachet, Arthur Decatur, Clarence Mitchell, Oran O'Neill and Hub Pruett, ordinary men; and John Scott, Ed Tabor, Frank Ulrich and Claude Willoughby, mediocre men.

But why go on? The team is good, but the only trouble is that nobody will acknowledge the fact.

Butler Is Among Leading Cities In Fire Prevention

By GEORGE H. MANNING
(Washington Correspondent of the News.)

WASHINGTON, D. C., Mar. 19.—Butler, Pa., ranked seventh in fire prevention among all the cities of 20,000 to 50,000 in population in the United States competing in the National Fire Waste Contest for 1926.

Philadelphia led Pennsylvania in fire prevention, and Uniontown ranked sixth of the cities of 20,000 to 50,000 population in the United States.

Albany, Georgia, out of a field of 303 cities in the country, was today awarded the grand prize in the contest conducted jointly by the National Fire Waste Council and the Chamber of Commerce of the United States.

Owensboro, Kentucky, won first place among the cities of 20,000 to 50,000 population in the competition.

Although the loss by fire in the country as a whole increased during 1926, the 303 cities in the contest reduced their fire loss by $4,000,000.

Coraopolis And New Castle In Title Struggle

(International News Service)

PITTSBURGH, Pa., March 19.—Coraopolis and New Castle today had won the right to enter the final round of the Western Pennsylvania Interscholastic Athletic League, to determine which high school should represent the W. P. I. A. L. in the state high school championships to be held at State College.

Coraopolis earned its right to compete by upsetting Edgewood high here last night by the convincing score of 18-9. The tight defense of Coraopolis featured the game, which was made listless by the failure of Edgewood to open up an offense.

HALL of FAME

Nominating, Antonio Castro.

Because he has joined the list of Cuban baseball players seeking fame in the great American pastime.

Because he has set his cap high hoping a big league catching job with the New York Giants.

Because he sees a chance of landing it because of the fact that, as green as he is, he at least has youth.

Because he has played baseball ten years as it is played in Cuba at least and has divided his time between the backstopping job first base and the outfield just to get all angles of the game, so to speak.

Because he served four years—between seasons—as a secret service officer in Cuba, but didn't have any baseball scandals to unearth

Because he plays football, shoots billiards well and placed in the 100 and 400 meter events in the national track championships in this country.

Because he also plays basketball and swims.

And because he refuses to smoke any of the native cigars.

SORDS POINTS

O'Rourke Proves You Can't Keep A Good Utility Man Down

By NORMAN E. BROWN

TARPON SPRINGS, Fla., March 19—Frank O'Rourke, who broke into baseball just fifteen years ago as a utility player, will see service with his sixth major league club when the bell rings in April and the St. Louis Browns trot onto the field.

And he's still just a utility player.

What is more, Dan Howley thought enough of his worth to a ball club to have him included in the three-cornered deal with the Tigers and Toronto team, which made Marty MacManus a Tiger and gave Howley several of his last year's champs.

O'Rourke broke into baseball with the Bridgeport team in the Connecticut League in 1912 and that very season received the double O from the Boston Braves. They turned him over to Buffalo. He broke into 19 games with that team—as a utility player. Then he was moved to Wilkesbarre and in three and a half years there filled in at short and third.

The Brooklyn Dodgers tried him in 1917 and he broke into 64 games at third. It looked as though he had found a baseball home. The very next season, however, he was sent to Binghampton, where he played in but 11 games—as a shortstop. From Binghampton he moved to Toronto and then up to Washington. For two seasons he played shortfield and seemed set once more.

Then what did the Senators do but send him to the Red Sox, which club promptly kept him leaping from short to third in the lineup.

The season of 1923 found him with Toronto, under Dan Howley's management. Dan kept him at short two seasons and then recommended him to Ty Cobb then bossing the Tigers. The Georgian proceeded to take Dan's word—and also to play O'Rourke—at second base, whenever he did use the useful one.

Canada claims Frank as one of its stars of the American pastime. He was born in Toronto.

Rebels Are Killed In Mexican Battle

(International News Service)

MEXICO CITY, Mar. 19.—Twenty-one rebels were killed in three battles with federal forces in Jalisco state, according to reports today from military headquarters in Jalisco. The battles all of which resulted in federal victories, were fought at Tolotlan, Puerto Palos and Gerrobola.

McInnis Labors With Few Stars

By NORMAN E. BROWN
Exclusive Central Press Dispatch to New Castle News.

BRADENTON, Fla., Mar. 19.—The thing that impresses one most about the training activities of the Philadelphia National League club here is the earnestness of Stuffy McInnis, on making his debut as a big league manager.

There are no nationally discussed stars to draw one's attention, if one be a critic or just a plain hero worshipper.

Speaking quite frankly there are but two other men in the squad besides the one time Athletic first basing star who can be listed as genuine diamonds of the diamond in their own right. They are Harold Carlson, pitcher, and Jimmy Wilson, catcher. Both can sit at the speaker's table in any baseball gathering.

Old Cy Williams could have sat there up to a season or so ago but he has passed the peak. Mokan and Leach are good outfielders but not stars. The winter trade which took Butch Henline, another brilliant catcher and star from the team also sent George Harper, rated by some as good an outfielder and by some a better one, to the Giants.

Fresno Not "In" Yet

The deal gave the Phils Fresno Thompson and there is every reason to believe that he will play second base in fine style—he is said to be ready after his year at Buffalo. But he is not an accepted major league player as yet.

The deal gave the Phils two pitchers, Jack Scott and Alex Ferguson, but Scott was great only at intervals and Ferguson never has found himself.

Heinie Sand is a dependable, conscientious shortstop but his hitting was weak last season and his fielding but fair. Barney Friberg is a good infielder, at third or any position but not a star. He is a weak hitter.

McInnis, with the optimism of a new chief, sees in some of the youngsters—Attreau, a first baseman, especially—future material for the team. But he will need time to develop that material, including a new pitching staff.

If anything lifts the Phillies out of last place it will be Stuffy's labors and the strength now conceded down the center line, in Wilson, Carlson and Thompson and with McInnis and his shrewd head on first.

And McInnis is calmly prepping Wrightstone to sub for him at first should the double burden slow him down or check his hitting.

And there you have it.

Only one other thought. The Bradenton folk treat their Phillies as champions.

AWKWARD

"Lena", said little Mollie to her big sister at breakfast, "did you tell daddy?"

"Tell daddy what?"

"Why, you told Mr. Billings last night if he kissed you again you would tell dad—and he did it again. I saw him!"—Happy Magazine.

HIS GUESS

"My poor husband was a wonderful artist", sighed the landlady, as she hacked at the piecrust, "and always said he found inspiration in my cooking."

"A sculptor, I presume", said the gloomy boarder, surveying his bent fork.

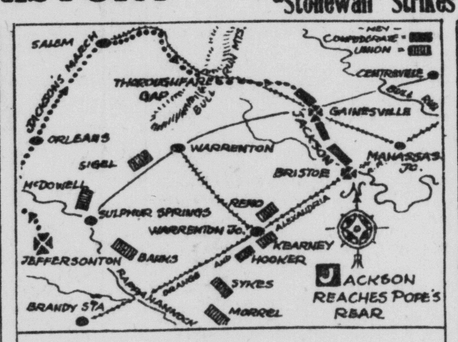
HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

"Stonewall" Strikes the Union Rear.

by J. CARROLL MANSFIELD

ON AUGUST 25, 1862, "STONEWALL" JACKSON, WITH 3 CONFEDERATE CORPS, STARTED FROM JEFFERSONTON, VIRGINIA, TO MARCH AROUND THE RIGHT WING OF POPE'S UNION ARMY THAT LAY NORTH OF THE RAPPAHANNOCK. SCREENING HIS MOVEMENTS BEHIND THE BULL RUN MOUNTAINS, HE REACHED SALEM THAT EVENING, HAVING COVERED 25 MILES.



UNION SCOUTS REPORTED A LARGE BODY OF SOUTHERN TROOPS MOVING ON THE RIGHT FLANK, BUT POPE BELIEVED THIS FORCE WAS HEADING FOR THE SHENANDOAH VALLEY BY WAY OF FRONT ROYAL AND NEGLECTED TO GUARD THE PASSES THAT LED TO THE FEDERAL REAR.

THE NEXT DAY JACKSON'S TROOPS MARCHED SWIFTLY EASTWARD ALONG THE MANASSAS GAP RAILWAY AND POURED THROUGH THOROUGHFARE GAP. LATE IN THE AFTERNOON THE CONFEDERATES REACHED GAINESVILLE AND PRESSED ON TO BRISTOE STATION, ON THE ORANGE AND ALEXANDRIA, WHERE THEY TORE UP THE RAILROAD TRACKS AND CUT THE TELEGRAPH WIRES.

THOUGH HIS MEN WERE WEARIED BY A MARCH OF OVER 30 MILES THAT DAY, JACKSON SENT 500 MEN UNDER GEN. TRIMBLE WITH PART OF "JEB" STUART'S CAVALRY TO SEIZE THE GREAT UNION SUPPLY BASE AT MANASSAS JUNCTION. AFTER A BRIEF ACTION THE CONFEDERATES CAPTURED THE PLACE, WITH A VAST QUANTITY OF MILITARY SUPPLIES AND 300 PRISONERS.

N. Y. STOCKS

By W. S. COUSINS
International News Service

NEW YORK, Mar. 19.—Industrial stocks felt the weight of profit taking and extended professional selling at the beginning of trading today and with few exceptions the trend of prices was irregularly downward.

Industrial stocks were inclined to follow the latest developments in prices of their respective products. Thus the copper stocks advanced in good form on reports of a stiffening of prices for the red metal, while the oil and sugar stocks declined when crude oil, gasoline and raw sugar prices were marked fractionally lower. Chicago wholesale gasoline markets quoted U. S. motor gasoline at 6⅜ and 6¾ cents a gallon, while kerosene slipped off an additional ¼ cent and fuel oil lost 5 cents a barrel. Grain prices advanced fractionally in New York and Chicago.

Bearish traders threw a good volume of selling orders into the fast-moving industrial shares in the first hour, and succeeded in pushing prices downward a point or two. [illegible] in previous sessions of the week, buying demand was in evidence at the lower levels in sufficient volume to turn the market in a good sized rally.

Under the lead of Delaware Lackawanna, the railroad shares forged to the front in an active buoyant market at the beginning of the second hour. Lackawanna advanced about 4 points to the years high price of 161¼, carrying with it Wabash, with which it is linked in merger talk.

After early reaction, the motor stocks were also ready for a rally, General Motors, Hudson and Dodge leading the move. The public utility stocks were strong, with Philadelphia Company, in a new 6-point jump, selling above $100 a share for the first time in its history. American Waterworks, Consolidated Gas and Brooklyn Union Gas made moderate gains. The specialties were quiet, sulphur stocks relapsed into inactivity, in contrast to Friday's sensational move. National Cash Register's brisk advance to 45¾ was the feature of the specialties.

The market was unsettled near the close by the severe declines in a number of the speculative favorites of the previous week. Houston Oil declined 10 points to 107½ as the result of persistent selling. Warner Brothers dropped off to 38 for a new 4½-point loss. Copper stocks were strong at the close.

G. H. McKinley Passes Away

Veteran Railroad Man Dies At Home On Winslow Avenue

George H. McKinley, aged 77 years, veteran of the Pennsylvania Railroad company of this community and well known resident of this city, passed away at his residence 937 Winslow avenue, Friday, March 18, at 10:45 p. m. after an extended illness of several months of complications.

Mr. McKinley was born September 21, 1850, in this city on North Liberty street where the Lawrence school is now located. He was the son of Alexander and Elizabeth Moorehead McKinley. He received his first schooling at the Scotland Lane school.

On September 2, 1870, he began his railroad career as a section hand on the A. & P. R. R. between Lawrence Junction and Edenburg. He later worked on a gravel train between Mahoniugtonw and Enon as a brakeman. In July, 1873, he was promoted to freight conductor and in the spring of 1874 he became a local freight conductor. He was later promoted to passenger conductor, which position he held until he was retired on September 1, 1920.

Mr. McKinley was considered one of the best conductors on the Pennsylvania lines.

He is survived by two sisters, Mrs. Elizabeth Salisbury of New Wilmington and Mrs. C. C. Kelso of Swissvale, and one brother, John C. McKinley of Beaver Falls. He also leaves one granddaughter, Mrs. Eleanor Elizabeth Cox. His wife, Elizabeth Howard McKinley, to whom he was married September 17, 1879, died a few years ago.

Funeral services will take place Tuesday, March 22, at 2:30 p. m. from his late home. Burial will be made in Graceland cemetery.

See Turn For Better In American Business

By W. S. COUSINS
International News Service
Financial Editor

NEW YORK, March 19.—Under the influence of easy money, investment buying of dividend-paying stocks and vigorous pool activities, all sections of the stock market moved up smartly to the higher price levels this week.

Supplementing these important factors were evidences of a decided turn for the better in American business and industry in its varied phases, but particularly in the steel, building, construction, copper, automobile and other important departments. It was reported this week, for example, that the operations of the United States Steel Corporation's mills had increased to "more than 99 per cent of capacity," which is about as near full-speed as it is possible to go. This compared with 85 per cent of capacity operations earlier in the year and in the meanwhile the steel industry as a whole has moved up from 80 to 92 per cent.

Completion of the first quarterly payments on the federal income tax release a good volume of funds which had been held in the banks for the purpose, and these funds flowed into other channels notably the call loan market.

The call loan rate declined to 3½ per cent for the first time since mid-June of last year. No changes were made in the federal reserve bank rediscount rates.

Assuming the leadership of the industrial stocks in the same manner as in the last two market movements, General Motors and United States Steel staged a brilliant advance, and sold at the highest prices in the history of the respective companies. The all-important question for steel is the rate of dividend to be paid on the stock when augmented by the 40 per cent distribution to be authorized next month. The answer of the stock tape is assuredly a 7 per cent distribution, but this of course is subject to quarterly review by the directors, and to change when necessary or expedient.

Confident predictions of 175 for Steel and 200 for General Motors appeared to be much nearer fulfillment this week when U. S. Steel sold at 164 5-8 and Motors above 179.

Powerful pools, backed up by the "big bankers" are believed to be operating in these stocks, and the offerings are snapped up without hesitation. American Telephone and Telegraph continued its sensational advance even after the president of the company issued a positive denial of the stock-split-up rumors which filled the financial district.

There has probably never been a time in the history of Wall Street when investment buying of the better grade of dividend-paying stocks has been on such a large scale as in the last few weeks. Individual and institutional investors, turned from the bond market by the comparatively high range of prices have been making conservative selections of stock in such volume as to remove thousands of shares from the "floating supply." It is for that reason that the bears have failed signally to start a downward movement in prices in a market which to all outward appearances should be ready for a huge reaction.

The railroad stocks joined the upward procession this week but here also the investment stocks rather than the speculative issues received the "play." The various consolidation projects are making haste slowly, and the transportation heads will doubtless seek in future to avoid such market "incidents" as the Wheeling and the Lehigh valley sensational price movements. Oil stocks showed increasing irregularity and copper stocks were firm.

Freewill Baptists Planning Big Day

Union Service Of Colored Churches —Have Mission Program Sunday

Sunday, March 20, will be a high day all day at the Free-will Baptist church, 402 Mahoning avenue. The program for the day follows:

Sunday school at 9:30 a. m., S. L. Dix, supt.

Preaching services at 11 a. m., Rev. W. M. Griffin.

Special program at 2:30 p. m., Women's Home Missionary society.

Evening service at 7:30, sermon by Rev. C. J. Wise, annual missionary of the United American Free-will Baptist convention.

The afternoon service will be under the direction of Sister Odell Dix, president of the Woman's Home Missionary society. The service will be a combined one in which the Union Baptist church of this city will join. The sermon will be given by the Rev. C. D. Henderson, pastor of the Union Baptist church. Special music will be furnished by the Myers jubilee quartet and the Williams quartet of the Union Baptist church.

Motor Federation To Continue Fight Against Gas Tax

(International News Service)
HARRISBURG, Pa., March 19.—The Pennsylvania Motor Federation today showed no sign of giving up the fight for definite answers to a long series of question which it addressed several weeks ago to James L. Stuart the sceretary of highways.

In a letter last night R. C. Haldeman, president of the organization again demanded the answers which he requested and reiterated his charge that the financial statements of the highway department did not reveal all available funds.

Haldeman in his letter maintained that the information requested was asked solely because of its bearing on the necesity of an increase in the gasoline tax. Stuart in his last letter to Haldeman charged that the questions of the latter were not asked in good faith.

Stuart's charge that the former letters had been an attack upon his administration was repeatedly refuted by pointing out that practically all of the questions asked concerned the opertion of the department under the previous administration.

Tornado Toll Is On Increase

(International News Service)
LITTLE ROCK, Ark., March 19. Thirty-seven known dead, 12 missing and over 200 injured was the toll of spring storms in Kansas during the past 48 hours, a survey at the state capitol today showed.

Governor John E. Martineau has assigned members of the National Guard to investigate conditions in the stricken areas to ascertain whether martial law will be necessary.

Following on the heels of a storm Thursday night which took 12 lives near Benton, Ark., a second tornado last night killed 16 persons at Green Forest and nine at Denver.

Gardner Denies Bankers To Escape Conspiracy Trial

(International News Service)
PITTSBURGH, March 19. — While District Attorney Samuel H. Gardner hastened to deny that Roland A. McCrady, president of the defunct Brotherhood Trust and Savings company bank, and his two associates will escape trial on conspiracy charges in connection with the Charles E. Knapp "bargain bonds" deal, it was learned today that McCrady has paid $9,700 towards allaying the bank's losses in the deal.

Officials of the state banking department announced previously that the labor bank would suffer $140,000 loss in the deal, $37,000 of which belonged to the Carpenters' Union.

Subtracting the amount of money recovered in the deal, a balance of $30,280 was left, representing the ultimate loss. McCrady's check, it was announced, covered the bank's share of this loss.

Church Conference Will End Monday

(International News Service)
LOCKHAVEN, Pa., Mar. 19. — Today's session of the fifty-ninth annual meeting of the Central Pennsylvania Conference of the Methodist Episcopal church held here this week was devoted to an executive meeting, a joint gathering of the conference delegates and the Laymen's Association and the anniversary observance of the Women's Home Missionary Society.

The Mutual Benefit Association was the subject of the afternoon session. Mrs. Blanche Curry Turner, Williamsport, vice president of the Women's Home Missionary Society, presided at the anniversary observance of the organization. Miss Margaret Palmer, national field secretary, was the principal speaker.

Dr. Horace Lincoln Jacobs, of Shamokin, and Dr. N. E. Davis, general secretary of the board of hospitals and homes, will address the conference delegates tonight.

The Laymen's Association, meeting in connection with the annual conference today, held discussions of the financial program of the general and local church, the spiritual condition of the church, missions and temperance. A business session with election of officers was to be held late this afternoon.

A number of changes in pastorates are expected to be announced Monday, the last day of the conference.

Scant Mercy For Drunken Drivers And Auto Thieves

Judge Hildebrand Makes Plain His Attitude On Crimes Of This Character

DRIVERS ENDANGER MOTORISTS' LIVES

Sentence Of Woman Makes Four In Family Who Are Now Behind Bars

Drunken drivers and automobile thieves can expect little mercy from the Lawrence county court. Judge R. L. Hildebrand made this plain this morning when several law violators were up for sentence.

One of the cases was that of Walter Magusiak, aged 17 years. A plea for leniency was made on the grounds of the boy's age. Judge Hildebrand said that only recently he had extended leniency to two youths who had taken automobiles upon promises that they would never be before the court again. Scarcely were they out until they repeated their offenses. "Automobile thieves" said the court, "are becoming about as common as bootleggers. "Magusiak was sentenced to Morganza reform school to be kept there until he is 21 years of age.

George Wilson, who lives in the lower end of the county, was up for sentence for driving while under the influence of liquor. It was urged in his behalf that he has always borne a good reputation, and had never been in any trouble before. He is married, has a family, and lives on a farm. It was pointed out that it would be a great hardship, should he be imprisoned at this season when the spring farm work is to be done. Judge Hildebrand said that he also looked at the other side of the case. Suppose Wilson had struck and killed someone on the road. A great hardship would also have been worked on someone. Wilson was sentenced to pay a fine of $200 and costs, and to undergo imprisonment in the county jail for fifteen days.

John Neghiu, convicted of driving while intoxicated, was to have been sentenced this morning, but his attorneys made an application for a new trial.

Jim Phillips and Joe Samuels, charged with the larceny of an automobile, were called for sentence, but sentence was deferred until some further information regarding the facts surrounding the case can be secured. The automobile which they are alleged to have stolen, was badly damaged.

When Ruth McKinnon, colored, came up for sentence on a sfatuary charge, it developed that her mother is in the workhouse, her stepfather in the Western penitentiary, and her sister in Morganza. Judge Hildebrand stated that for her own good he believed that she should be sent somewhere where she would receive better training. He sentenced her to Morganza reform school until she is 21. She is now about 17 years old.

Julius Knoll, proprietor of the West Pittsburg hotel, on a charge of possessing liquor, was sentenced to two years to the workhouse, with the understanding that a petition for parole will be entertained at the end of five months, provided a fine of $200 and costs, which was imposed, are paid. Wilson was charged with possessing liquor, but claimed that the liquor had been placed in the basement of his hotel by some other persons. There was no evidence of sales. His place had been searched three times before the liquor was found and once since, and no liquor found except on the one occasion. Judge Hildebrand remarked that he had heard a number of complaints about the place.

Bernard McNamara, charged with an offense against morality, was sentenced to pay costs, and two dollars per week for a period of five years for the support of the child.

Mike Zhiva, charged with assault and battery, was sentenced to the workhouse for three months.

Henrietta Marshall, possessing liquor, was paroled upon the payment of $100 and costs.

John Krupa, possessing liquor, $100 and costs and paroled.

Mellon Declares He Is In Full Accord With Fisher's Plan

(International News Service)
HARRISBURG, Pa., Mar. 19. — "I am in full accord with the governor's policies in election bill matters and always have been," W. L. Mellon, chairman of the Republican state committee, said this afternoon when he arrived here from New York.

Mellon came to Harrisburg to accompany Governor Fisher to Rolling Rock, near Ligonier, where the two will spend the week-end. They left in the governor's automobile this afternoon.

Two Bank Clerks Shot In Hold-up

(International News Service)
BALTIMORE, Md., March 19.— Two bank clerks were shot in a daylight holdup of the Northeastern Branch of the Providence Savings bank today. The bandits fled without any loot.

The clerks were Robert McNally, Jr., 21, and Damon Jackson, 28. Their wounds are not serious.

Opposes Compulsory Liability Insurance

According to a communication received by B. N. Hanlon, manager of the New Castle Motor club from the general manager of the National Association of Finance Companies, it is declared the bill before the state legislature for Compulsory Automobile Insurance is financially unsound and will not accomplish its avowed purpose.

C. C. Hanch, general manager of the National Association of Finance Companies urges everyone to communicate with members of the state legislature, voicing their objections to the bill now before the legislature. He says that objections should be repeated until such bills are dead.

Mr. Hanch, in giving his reasons for opposing the bill states some very vivid facts. A portion of his letter follows:

Compulsory automobile insurance is premature as it has been in effect since January 1, 1927, in one state only and there is no experience to guide legislation. It will not prevent accidents, but is likely to increase accidents because some motorists, when protected by insurance, think they need not exercise much care while driving. It will not influence drivers of cars owned in other states having no such law, unlicensed drivers, hired drivers, or criminals. It imposes a liability without fault and will compel careful drivers to pay for injuries done by careless and incompetent drivers. It will increase the number of false and unwarranted claims, litigation and expense.

It will increase total public liability premiums from about $100,000,000 to about $500,000,000, a burden enormously in excess of uncompensated accident claims which do not exceed 10 per cent of proposed compulsory premiums. If applied to property damage it will increase total premiums to about one billion dollars, an amount equal to the total cost of road construction and repair.

It will increase premium rates, because risks cannot be selected, thereby undermining the soundest principle of underwriting. The majority of motorists in large cities now carry automobile liability insurance. Very few farmers carry public liability insurance, because their risk is negligible. They will suffer most if the bill is enacted. The average driver rarely has a serious accident, but even with the occasional accident, there is no assurance that the injured will receive compensation for the reason that there can be no recovery if the motorist is not at fault, if there is contributory negligence or no witnesses. It is estimated that in any one year only six-tenths of one per cent of all motorists are legally liable for damages caused by automobile accidents. This means that under a compulsory insurance law, to secure the obligations of each motorist who is liable, 166 innocent motorists must be assessed.

Passenger Tries To Use Railway Ticket Of 1892

POTTSTOWN, Pa., March 19.—A ticket calling for one first-class ride between Boyertown and Colebrookdale, purchased on January 1, 1892, is no longer good for a first-class ride, Conductor George P. Ahner was obliged to explain to a nonagenarian passenger today. There was an argument over the issue, but the passenger finally paid his fare, while a member of the crew bought the ancient ticket to keep as a souvenir.

The passenger with the 35-year-old ticket boarded the eight o'clock train at Boyertown. He said that he had bought the ticket years ago, carried it around in his pocket for a long time and then placed it in a bureau drawer with other papers, where it was forgotten.

Credit Bureaus Being Organized

(International News Service)

POTTSVILLE, Pa., March 19.—Organization of credit rating bureaus and associations is progressing rapidly in the hard coal regions.

State officers of mercantile associations as a rule are called to handle the details and it is believed that at least thirty towns have followed the example set by Hazleton last Fall when businessmen got together and put 21,000 names in one card index system open to members who pay $50 a year.

The losses sustained by bad credit in the last great anthracite strike have had a lot to do with the movement getting under way in so many different communities.

Foster's Weather Prognostication

WASHINGTON, Mar. 19. — The most unseasonable cold wave of March, the second flareback forecasted for the month, is expected to occur near 19; this cold wave is expected to follow the center of severe storm wave that will cross continent during week centering on 18; cold wave that is expected to occur near 19 will cause seven day period following that date to average considerable below normal temperatures, rather heavy precipitation, windy and severe; this severe storm wave is expected to move well to the southward, probably causing an area of unusually high pressure to enter west coast in vicinity of southern California near 21 and spread across southern tier of states, holding the south under high pressure for a considerable period. Most precipitation during this storm period will be expected to occur on Pacific coast, heavier on north than south Pacific coast, in sections 5 and 6 east of 100th meridian, in east part of sections 1 and 3 and in west part of section 4. Very severe storms and excessive precipitation will be expected in western Europe, including British Isles, during this storm period; a stormy period over the northern hemisphere. A storm wave of moderate intensity will cross continent during week centering on March 24; principal feature of this storm wave will be its assistance in keeping average temperatures for the period March 21 to April 4 well below normal.

Evaporation And Drouth

The United States Lake Survey issued a statement under date of March 7, stating that the level of the five Great Lakes averaged one foot higher March 1 than they did a year ago. Chicago Sanitary Engineer gave data showing that the level of the five Great Lakes has trended downward from 1919 to 1925, due to subnormal rainfall and other natural deterents rather than to diversion of water; those engineers plotted an expectancy curve based on past movement of the lake waters, estimating that by 1930 the highest level in the history of the lakes would be reached.

Those who followed by forecasts during 1925 will recall that Foster expected a severe drouth to center on the vicinity of Great Lakes during summer of 1925. That drouth was not so severe nor extensive as expected, but evaporation was very severe in vicinity of Great Lakes during summer of 1925. The statistics quoted above are substantial evidence that the basis for our 1925 drouth forecasts was good, tho the forecasts turned out to be only fair. Excessive evaporation is always present in a severe drouth area. I believe that the level of the Great Lakes as plotted in expectancy curve quoted above, will be nearly in accordance with the fore casts of the Engineers of the Chicago Sanitary District; providing however, that water being diverted is not sufficient to reduce the natural level, about which I know little or nothing.

Westminster Debaters Win

NEW WILMINGTON, Pa., Mar. 19.—Presenting convincing arguments, the negative debate team at Westminster College, earned a 2-1 decision over the affirmative debaters of Bethany College, in the debate held in the auditorium of the United Presbyterian church, here, Thursday evening.

"Resolved: that the United States should cancel the war debts owed to it by the Allied nations," was the question debated.

Westminster's team was composed of Samuel Colman of Philadelphia, Wilson Botsford of Pittsburgh and Robert Ferguson of Bellevue, with Wallace Maxwell of New Wilmington, alternate.

Ellsworth Richardson, Ward Stalnaker and John Berry, represented Bethany. Virgil Elliott, noted Bethany track star who was scheduled to appear, was unable to make the trip, his place being taken by John Berry.

Attorney C. A. Patterson, Attorney A. M. Shoemaker and Charles Blair of New Castle, served as judges.

French Postpone Action on Sending Observer To Parley

(International News Service)

PARIS, March 19.—The French cabinet, meeting today under the chairmanship of President Doumergue, postponed definite action regarding the invitation to send an observer to the proposed tripartite naval disarmament conference at Geneva.

The cabinet a week ago tentatively agreed to accept this invitation, while registering a protest against a three-power conference. Since that time, however, there has been considerable debate within the cabinet and some pressure has been brought to bear to bring a decision from France to participate in the parley.

The cabinet will consider the question again on Tuesday.

Small Girl Is Struck By Auto

W. R. Biddle of Edenburg, reported to the police Friday that while driving east on County Line street, near Ray street, that Ruth Collingwood, aged 5, of 735 County Line street, ran out into the street in front of his machine and was knocked to the pavement. Mr. Biddle removed her to her home and then took her and her mother to the office of a physician. She was apparently not seriously injured.
